[The Secrets of an Aborted Decolonisation](#) Sep 13 2021 Among the material are treaties concluded by Britain with Southern Cameroons coastal Kings and Chiefs; and the boundary treaties of the Southern Cameroons, treaties defining the frontiers with Nigeria to the west and the frontier with Cameroun Republic to the east. The book contains documents that attest to the Southern Cameroons as a fully self-governing country, ready for sovereign statehood. These include debates in the Southern Cameroons House of Assembly; and the various Constitutions of the Southern Cameroons. The book also reproduces British

declassified documents on the Southern Cameroons covering the three critical years from 1959 to 1961, documents which speak to the inglorious stewardship of Great Britain in the Southern Cameroons. This book removes lingering doubts in some quarters that the people of the Southern Cameroons were cheated of independence. Its contents are further evidence of their inalienable right and sacred duty to assert their independence. On Her Majesty's Secret Service Jun 29 2020 DigiCat Publishing presents to you this special edition of "On Her Majesty's Secret Service" by Ian Fleming. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Britain and the Mine, 1900-1915 Oct 26 2022 This book examines Britain's complex relationship with the mine in the years 1900-1915. The development of mine warfare represented a unique mix of challenges and opportunities for Britain in the years before the First World War. The mine represented the antithesis of British maritime culture in material form, and attempts were made to limit its use under international law. At the same time, mine warfare offered the Royal Navy a solution to its most difficult strategic problem. Richard Dunley explores the contested position occupied by the mine in the attitudes of British policy makers, and in doing so sheds new light on the overlapping worlds of culture, strategy and international law.

Talking Proper Nov 15 2021 Talking Proper is a history of the rise and fall of the English accent as a badge of cultural, social, and class identity. Lynda Mugglestone traces the origins of the phenomenon in late eighteenth-century London, follows its history through the nineteenth and twentieth centuries, and charts its downfall during the era of New Labour. This is a witty, readable account of a fascinating subject, liberally spiced with quotations from

English speech and writing over the past 250 years.
