Harold Bloom explores our Western literary tradition by concentrating on the works of twenty-six authors central to the Canon. He argues against ideology in literary criticism; he laments the loss of intellectual and aesthetic standards; he deplores multiculturalism, Marxism, feminism, neoconservatism, Afro-centrism, and the New Historicism. Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops. From the gritty streets of nineteenth century London, the loyal and courageous Dr. Watson offers a tale unearthed after generations of lore: the harrowing story of Sherlock Holmes's attempt to hunt down Jack the Ripper. As England's greatest specialist in criminal detection, Sherlock Holmes is unwavering in his quest to capture the killer responsible for terrifying London's East End. He hires an "unfortunate" known as Mary Ann Monk, the friend of a fellow streetwalker who was one of the Ripper's earliest victims; and he relies heavily on the steadfast and devoted Dr. John H. Watson. When Holmes himself is wounded in Whitechapel during an attempt to catch the savage monster, the popular press launches an investigation of its own, questioning the great detective's role in the very crimes he is so fervently struggling to prevent. Stripped of his credibility, Holmes is left with no choice but to break every rule in the desperate race to find the madman known as "the Knife" before it is too late. A masterly re-creation of history's most diabolical villain, Lyndsay Faye's debut brings unparalleled authenticity to the atmosphere of Whitechapel and London in the fledgling days of tabloid journalism and recalls the ideals evinced by Sir Arthur Conan Doyle's most beloved and world-renowned characters. Jack the Ripper's identity, still hotly debated around the world more than a century after his crimes were committed, remains a mystery ripe for speculation. *Dust and Shadow* explores the terrifying prospect of tracking a serial killer without the advantage of modern forensics, and the result is a lightning-paced novel brimming with historical detail that will keep you on the edge of your seat. A heart-stopping adventure that defies time and space--New York Times bestselling author Marie Lu calls it "an incredibly intricate, brilliantly paced, masterfully written journey." During a routine heist on the sinking Titanic, Far meets a mysterious girl named Eliot who always seems to be one step ahead of him. Eliot has secrets-big ones-that will affect Far's life from beginning to end. Armed with the knowledge that history is not as steady as it seems, she will lead Far and his team on a race through time to set things right before the clock runs out. From the acclaimed Nobel Prize winner: Two girls who grow up to become women. Two friends who become something worse than enemies. This brilliantly imagined novel brings us the story of Nel Wright and Sula Peace, who meet as children in the small town of Medallion, Ohio. Nel and Sula's devotion is fierce enough to withstand bullies and the burden of a dreadful secret. It endures even after Nel has grown up to be a pillar of the black community and Sula has become a pariah. But their friendship ends in an unforgivable betrayal—or does it end? Terrifying, comic, ribald and tragic, *Sula* is a work that overflows with life. Summer, 1962. Twenty-year-old Vivien Epstein, a Jewish hairdresser from Manchester, arrives in London following the death of her father. She has travelled to the city to make a new start, and quickly finds herself swept up in a city buzzing with life. Landing a job at Oscar's salon, she thrives amid the vibrant cafe culture of Soho and the warm camaraderie of the other hairdressers. But beneath the surface, Vivien is desperate to find Jack Fox, a man she had a brief but intense romance with some months before. Her search leads to confront the dark resurgence of fascism, countered by the Jewish community in street battles around Ridley Road in the East End of London. Amid the growing tensions, can her love survive? From the bestselling author of *The Ragged Edge of Night* comes a powerful and poetic novel of survival and sacrifice on the American frontier. Wyoming, 1876. For as long as they have lived on the frontier, the Bemis and Webber families have relied on each other. With no other settlers for miles, it is a matter of survival. But when Ernest Bemis finds his wife, Cora, in a compromising situation with their neighbor, he doesn't think of survival. In one impulsive moment, a man is dead, Ernest is off to prison, and the women left behind are divided by rage and remorse. Losing her husband to Cora's indiscretion is another hardship for stoic Nettie Mae. But as a brutal Wyoming winter bears down, Cora and Nettie Mae have no choice but to come together as one family--to share the duties of working the land and raising their children. There's Nettie Mae's son, Clyde--no longer a boy, but not yet a man--who must navigate the road to adulthood without a father to guide him, and Cora's daughter, Beulah, who is as wild and untamable as her prairie home. Bound by the uncommon threads in their lives and the challenges that lie ahead, Cora and Nettie Mae begin to forge an unexpected sisterhood. But when a love blossoms between Clyde and Beulah, bonds are once again tested, and these two resilient women must finally decide whether they can learn to trust each other--or else risk losing everything they hold dear. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be. 'The fact that this novel is so witty is incidental to how good it is - it has characters you care about deeply and a heart as big as a cathedral' Miles Jupp 'The finest love story I have read in years. Perfect I'd say.' Phyllida Shrimpton, author of *Sunflowers* in February Mr Baxter is ninety-four years old when he falls down his staircase and finds himself resident at Melrose Gardens Retirement Home. Greg is just nineteen years old, but he has already suffered a loss so heavy that he is in danger of giving up on life before he even gets going. Seeing the boy's pain, Baxter decides to take him under his wing. Together they embark on a spirited journey to the war graves of Northern France, for Baxter to pay tribute to the love of his life; the man he waved off to fight in a senseless war; the man who never returned. As Baxter shares his memories, Gregory starts to see that life need not be a matter of mere endurance; that the world is huge and beautiful; that kindness is strength; and that the only way to honour the dead, is to live every last second we have while we're here. Nominated for the Dylan Thomas Prize, a novel of long-distance love. "There is an assured precision to Crow's observations that cannot be learned" (Jonathan Trigell, award-winning author of *Boy A*). "Like you I've been feeling forlorn of late. I don't know how long you have to be somewhere before it begins to feel normal, before you start to feel as though you belong . . . And so all I have is you. Your letters and the thought that somewhere, something good exists in my life. For now that seems enough to get by on." Introduced via a pen-pal scheme, Verity and Jonah write their lives, hopes and dreams to one another without ever having met. Verity is a fragile beauty. When visiting a hospital in Montreal, Quebec, a few years ago, best-selling author India Desjardins met a 10-year-old girl with leukemia. The girl told her she that she was fed up. All the stories about children like her who had cancer had sad endings, so she didn't want to read them. She asked India to write a story about cancer with a happy ending instead, one with laughter and romance. India did, and the story became this book. I think about everything I'll miss if they tell me I'm going to die...my mom, my dad, my sister, cookies, TV shows I'll never get to see the end of, walking outside when it's really nice, the smell of autumn, the starry sky on a full moon, my grandparents, my grandpa's lasagna, kissing Victor, Victor's eyes, Victor's voice, Victor's smell, Victor's hands...Victor. A teenage girl heads towards the hospital waiting room where the doctors are going to tell her how much time she's got to live. As she walks, she thinks about her journey up to this point...the terrible decor in the hospital, wearing a headscarf, the horrible treatments, but also being with her friends, family, and her new boyfriend Victor. While this story has a happy ending, the girl offers an honest account of what it feels like to be a teenager with cancer. Like how she just wants everyone to treat her like a normal person and stop telling her how strong she is—especially her mom. And how, even though everyone is telling her to stay positive, she sometimes loses hope and even wants to die to make the pain go away. Dreamlike illustrations elegantly convey the emotional complexities. Like the girl in this story, the girl that India met at the hospital is now cured. She also fell in love during her illness. Today, around eight out of ten children who are diagnosed with cancer are cured. This story was written to give any child who has cancer hope. Theresa Jennings strayed from the path of propriety as a younger woman, though now she'll do anything to secure her child's eventual acceptance on the fringes of polite society. Theresa will even make peace with the titled brother who turned his back on her when she needed him most. Matthew Belmont is a widower who's been lonely too long. He sees Theresa as a woman paying far too high a price for mistakes long past, and as a lady given too little credit for turning her life around. Theresa is enthralled by Matthew's combination of honorable intentions and honest passion, but then trouble comes calling, and it's clear somebody wants to ruin any chance Theresa and Matthew have for a happily ever. Another Place is a novel about lost girls, recovered life - and the meaning of home. NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NEW YORK TIMES BESTSELLER • In this beautifully written masterwork, the Pulitzer Prize-winner and bestselling author of Caste chronicles one of the great untold stories of American history: the decades-long migration of black citizens who fled the South for northern and western cities, in search of a better life. From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson compares this epic migration to the migrations of other peoples in history. She interviewed more than a thousand people, and gained access to new data and official records, to write this definitive and vividly dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves. With stunning historical detail, Wilkerson tells this story through the lives of three unique individuals: Ida Mae Gladney, who in 1937 left sharecropping and prejudice in Mississippi for Chicago, where she achieved quiet blue-collar success and, in old age, voted for Barack Obama when he ran for an Illinois Senate seat; sharp and quick-tempered George Starling, who in 1945 fled Florida for Harlem, where he endangered his job fighting for civil rights, saw his family fall, and finally found peace in God; and Robert Foster, who left Louisiana in 1953 to pursue a medical career, the personal physician to Ray Charles as part of a glitteringly successful medical career, which allowed him to purchase a grand home where he often threw exuberant parties. Wilkerson brilliantly captures their first treacherous and exhausting cross-country trips by car and train and their new lives in colonies that grew into ghettos, as well as how they changed these cities with southern food, faith, and culture and improved them with discipline, drive, and hard work. Both a riveting microcosm and a major assessment, *The Warmth of Other Suns* is a bold, remarkable, and riveting work, a superb account of an "unrecognized immigration" within our own land. Through the breadth of its narrative, the beauty of the writing, the depth of its research, and the fullness of the people and lives portrayed herein, this book is destined to become a classic. A New York Times Editors' Choice, this epic tale of brotherly love set in a dystopian alternate reality is filled with the magic of Russian folklore. Marcus Named one of Vulture's Top 10 Best Books of 2020! Leftist firebrand Fredrik deBoer exposes the lie at the heart of our educational system and demands top-to-bottom reform. Everyone agrees that education is the key to creating a more just and equal world, and that our schools are broken and failing. Proposed reforms variously target incompetent teachers, corrupt union practices, or outdated curricula, but no one acknowledges a scientifically-proven fact that we all understand intuitively: Academic potential varies between individuals, and cannot be dramatically improved. In *The Cult of Smart*, educator and outspoken leftist Fredrik deBoer exposes this omission as the central flaw of our entire society, which has created and perpetuated an unjust class structure based on intellectual ability. Since cognitive talent varies from person to person, our education system can never create equal opportunity for all. Instead, it teaches our children that hierarchy and competition are natural, and that human value should be based on intelligence. These ideas are counter to everything that the left believes, but until they acknowledge the existence of individual cognitive differences, progressives remain complicit in keeping the status quo in place. This passionate, voice-driven manifesto demands that we embrace a new goal for education: equality of outcomes. We must create a world that has a place for everyone, not just the academically talented. But we'll never achieve this dream until the *Cult of Smart* is destroyed. Ambrosio, once an exemplary Spanish monk, is passionate about his student: there is a beautiful woman Matilda under the monk robe. After his passion is satisfied he shifts his attention to an innocent Antonia. With Matilda's help he rapes and kills the young woman. Later it is discovered that Antonia was his sister and Matilda is Satan's messenger whose aim was to seduce the devout hermit and lead him to the sin. In the end, he falls under inquisition, but... One woman, an impossible dream, and the faith it took to see it through, inspired by the life of Hulda Klager German immigrant and farm wife Hulda Klager possesses only an eighth-grade education—and a burning desire to create something beautiful. What begins as a hobby to create an easy-peeling apple for her pies becomes Hulda's driving purpose: a time-consuming interest in plant hybridization that puts her at odds with family and community, as she challenges the early twentieth-century expectations for a simple housewife. Through the years, seasonal floods continually threaten to erase her Woodland, Washington garden and a series of family tragedies cause even Hulda to question her focus. In a time of practicality, can one person's simple gifts of beauty make a difference? Based on the life of Hulda Klager, *Where Lilacs Still Bloom* is a story of triumph over an impossible dream and the power of a generous heart. "Beauty matters... it does. God gave us flowers for a reason. Flowers remind us to put away fear, to stop our rushing and running and worrying about this and that, and for a moment, have a piece of paradise right here on earth." COSTA BOOK OF THE YEAR AWARD WINNER LONGLISTED FOR THE 2017 MAN BOOKER PRIZE "A true leftfield wonder: *Days Without End* is a violent, superbly lyrical western offering a sweeping vision of America in the making."—Kazuo Ishiguro, Booker Prize winning author of *The Remains of the Day* and *The Buried Giant* From the two-time Man Booker Prize finalist Sebastian Barry, "a master storyteller" (*Wall Street Journal*), comes a powerful new novel of duty and family set against the American Indian and Civil Wars Thomas McNulty, aged barely seventeen and having fled the Great Famine in Ireland, signs up for the U.S. Army in the 1850s. With his brother in arms, John Cole, Thomas goes on to fight in the Indian Wars—against the Sioux and the Yurok—and, ultimately, the Civil War. Orphans of terrible hardships themselves, the men find these days to be vivid and alive, despite the horrors they see and are complicit in. Moving from the plains of Wyoming to Tennessee, Sebastian Barry's latest work is a masterpiece of atmosphere and language. An intensely poignant story of two men and the makeshift family they create with a young Sioux girl, Winona, *Days Without End* is a fresh and haunting portrait of the most fateful years in American history and is a novel never to be forgotten. IN *A WORLD OVERRUN* with the undead, the only way to survive is to fight. After arriving at the mysterious Ark, Wim and Ramey realize the zombies were only the beginning of their problems. As they struggle to adjust to life under bizarre and oftentimes violent leadership, they find themselves being pulled apart. Outside the ark, Aben, Juli, and Saw battle to stay alive in an increasingly violent and chaotic world. The Ark is the third gruesome story in an epic saga of post-apocalyptic zombie novels. If you like large casts of characters, offbeat humor, and gory details, then you'll love Tony Urban's blood-soaked tale. NATIONAL BESTSELLER • "Rutherford brings England's New Forest to life" (*The Seattle Times*) in this companion to the critically acclaimed *Sarum* From the time of the Norman Conquest to the present day, the New Forest, along England's southern coast, has remained an almost mythical place. It is here that Saxon and Norman kings rode forth with their hunting parties, and where William the Conqueror's son Rufus was mysteriously killed. The mighty oaks of the forest were used to build the ships for Admiral Nelson's navy, and the fishermen who lived in Christchurch and Lymington helped Sir Francis Drake fight off the Spanish Armada. The New Forest is the perfect backdrop for the families who people this epic story. The feuds, wars, loyalties, and passions of many hundreds of years reach their climax in a crime that shatters the decorous society of Bath in the days of Jane Austen, whose family lived on the edge of the Forest. Edward Rutherford is a master storyteller whose sense of place and character—both fictional and historical—is at its most vibrant in *The Forest*. "As entertaining as *Sarum* and Rutherford's other sweeping novel of British history, *London*."—*The Boston Globe* Life threatening cancer brings Francis and Amber together, but when Francis's recovery takes a different path from Amber's, he has no idea how to live—or how to let go.
