If you are majoring in the sciences, this is the statistics textbook for you. STATISTICS FOR THE SCIENCES helps you see the beauty of statistics using calculus, and contains applications directly tied to natural and physical sciences. In STATISTICS FOR THE SCIENCES, the math is at the right level, and the exercises and examples appeal to those majoring in natural and physical sciences. BASIC APPROACH: Comprehensive -- this text explores the "full range" of finite element methods used in engineering practice for actual applications in computer-aided design. It provides not only an introduction to finite element methods and the commonality in the various techniques, but explores state-of-the-art methods as well -- with a focus on what are deemed to become "classical techniques" -- procedures that will be "standard and authoritative" for finite element analysis for years to come. FEATURES: presents in sufficient depth and breadth elementary concepts AND advanced techniques in statics, dynamics, solids, fluids, linear and nonlinear analysis. emphasizes both the physical and mathematical characteristics of procedures. presents some important mathematical conditions on finite element procedures. contains an abundance of worked-out examples and various complete program listings. includes many exercises/projects that often require the use of a computer program. Growing from tiny tadpoles to massive master jumpers, frogs and their life cycles are fascinating. How far can frogs jump? Why do their eggs look slimy? Answer these questions and many more in this illustrated introduction to amphibians. With her signature bright, well-labeled diagrams and simple text, Gail Gibbons introduces the habitat and life cycles of frogs and gives an overview of common frog behaviors. Important biology vocabulary is introduced, defined, and reinforced with kid-friendly language and clear illustrations--plus a page of intriguing frog trivia and clear diagrams that show how frogs are different from toads. Bonus material is included about the unique role frogs play in the environment. Sir William Temple, diplomat, statesman, and writer, retired to his garden in the 1680s and wrote what has become one of the key texts, not only of gardening, but also of the English aesthetic. It was he who introduced the idea of the charm of irregularity, and who gave it the allegedly Chinese name sharawadgi. The English style of landscape gardening can be traced in a direct line to this essay, which has not been in print for over 95 years. From the author of the New York Times bestseller Letters of Note comes a collection of 75 of history's most interesting, profound, and sometimes unknown speeches from a range of scintillating personalities such as Frederick Douglass, Justin Trudeau, Albert Einstein, Meghan Markle, Barbara Jordan, and Ursula K. Le Guin. This thoughtfully curated and richly illustrated collection celebrates oratory old and new, highlighting speeches we know and admire, while also shining a light on profound drafts that were never delivered or have until now been forgotten. From George Bernard Shaw's warm and rousing toast to Albert Einstein in 1930 and the commencement address affectionately given to graduates at Long Island University by Kermit the Frog, to the chilling public announcement (that was thankfully never made) by President Richard Nixon should Neil Armstrong and Buzz Aldrin become stranded on the moon, Speeches of Note honors the words and ideas of some of history's most provocative and inspiring personages. The gnarble wants nothing more than to swim up above the waters to see the blue sky, but gnarbles don't have flappers like blyfish do, and gnarbles don't even have koggers like the swimming gungaloo! But though gnarbles never swim so high, this particular gnarble is determined to see the sunlit sky. He swims past spongy gishy-gosh and feeding fipple-fosh, but who would think the little gnarble could pass the hungry warckel, subbaubble, and—most dangerous of all—the evil plink?! Daniel Errico's charming nonsense rhymes and Tiffany Turrill's vivid, expressive illustrations combine beautifully in this entertaining story of a little fish on a big mission. Kids will giggle aloud at crazy creatures with names like gishy-gosh and glimmy glins; parents will love snuggling up with their children to read about the little gnarble's escapades in this wacky world of silly sea creatures. Join the little gnarble on his unforgettable journey from the ocean floor to the shining sun! Most famous for his military marches, John Philip Sousa led a group of devoted musicians around the world and shaped a new cultural landscape. This book documents almost every aspect of the "March King's" band: its history, its star performers, its appearances on recordings, and the problems the group faced on their 1911 trip around the world. Professional longboarder Sam Bleakley details a decade of extreme global surf travel. He led her astray, and she never wanted to go back. . . Sheltered all her life, Eliza Hunter never imagined herself alone in the vast Utah plains, much less trailing a mysterious, rugged man hired to hunt down her beautiful younger sister. Unable to reveal the truth about her pursuit of him, Eliza plays student to his teacher, transforming herself in the process. And when she finds herself sharing the warmth of Grady's campfire, wrapped in his arms, hypnotized by his power, soon she is a naïve spinster no more. . . Grady Wolfe is more than a loner, he's a man forever on the run. With a body and soul finely honed from living off the land, Grady knows he should leave the irresistible woman alone, but she stirs something in him he hasn't felt before. Now he's lost in the woods for the first time in his life--with a dangerous job to do. And no one--not even the luscious Eliza--is going to stop him. . . "This is a beautifully written, solid and thoughtful historical." --Diane Whiteside, national bestselling author Popular marriage counselor and seminar leader John Gray provides a unique, practical and proven way for men and women to communicate and relate better by acknowledging the differences between them. Once upon a time Martians and Venusians met, fell in love, and had happy relationships together because they respected and accepted their differences. Then they came to earth and amnesia set in: they forgot they were from different planets. Using this metaphor to illustrate the commonly occurring conflicts between men and women, Gray explains how these differences can come between the sexes and prohibit mutually fulfilling loving relationships. Based on years of successful counseling of couples, he gives advice on how to counteract these differences in communication styles, emotional needs and modes of behavior to promote a greater understanding between individual partners. Gray shows how men and women react differently in conversation and how their relationships are affected by male intimacy cycles ("get close", "back off"), and female self-esteem fluctuations ("I'm okay", "I'm not okay"). He encourages readers to accept the other gender's particular way of expressing love, and helps men and women learn how to fulfill each other's emotional needs. With practical suggestions on how to reduce conflict, crucial information on how to interpret a partner's behavior and methods for preventing emotional "trash from the past" from invading new relationships, Men Are from Mars, Women Are from Venus is a valuable tool for couples who want to develop deeper and more satisfying relationships with their partners. A novel of psychological suspense and "a beautiful story that carefully unravels the depth of love and lies in a family."—Heidi Perks, author of Her One Mistake When Jen goes to her grandmother's house for the last time, she's determined not to dwell on the past. As a child, Jen adored Lily. She suspected she might be a witch—but the spell was broken long ago, and now her death means there won't be any reconciliation. Lily's gone, but the enchantments she wove and the secrets she kept still remain. In Lily's house, Jen and her daughter reluctantly confront the secrets of the past and present—and discover how dangerous we become when we're trying to protect the ones we love. Collects short stories of people losing touch with reality or for whom reality has become frightening, dark, and unsettling. For more than 100 years, Aston Martin has created some of the most beautiful - and powerful - cars ever seen on road and track. Here, the experts at evo magazine look back at its glorious history, with first-hand, behind-the-wheel reports, technical information and performance stats. From the earliest surviving models to the latest machines, the greatest Astons of all time are tried and tested, accompanied by jaw-dropping photography from the world-renowned

evo photographers. Special features explore the stories behind the famous James Bond cars, from Goldfinger DB5 to Spectre DB10, as well as the story of Aston on track, from early racing prototypes to Le Mans glory. An in-depth study of a motoring icon, evo: Aston Martin is a roll call of motoring excellence and a must-have for all petrolheads. (Piano/Vocal/Guitar Artist Songbook). 12 songs from the third album by this Mississippi rock band: Behind Those Eyes * Here by Me * It's Not Me * Landing in London * Let Me Go * My World * The Real Life * Right Where I Belong * and more. Featuring stunning new photographs, many in color, and an updated design, this special reissue of Rachel Carson's award-winning classic--originally published by Harper & Row in 1965--encourages sharing the miracle of nature with children. Alex has spent the majority of his adult life between two very different women—and he can't make up his mind. Sonia, his wife and business partner, is everything a man would want. Intelligent, gorgeous, charming, and ambitious, she worked tirelessly alongside him to open their architecture firm and to build a life of luxury. But when the seven-year itch sets in, their exhaustion at working long hours coupled with their failed attempts at starting a family get the best of them. Alex soon finds himself kindling an affair with his college lover, Ivona. The young Polish woman who worked in a Catholic mission is the polar opposite of Sonia: dull, passive, taciturn, and plain. Despite having little in common with Ivona, Alex is inexplicably drawn to her while despising himself for it. Torn between his highbrow marriage and his lowbrow affair, Alex is stuck within a spiraling threesome. But when Ivona becomes pregnant, life takes an unexpected turn, and Alex is puzzled more than ever by the mysteries of his heart. Peter Stamm, one of Switzerland's most acclaimed writers, is at his best exploring the complexities of human relationships. Seven Years is a distinct, sobering, and bold novel about the impositions of happiness in the quest for love. "We know we need to improve our traditional school system, both public and private. But how? More homework? Better-qualified teachers? Longer school days or school years? More testing? More funding? No, no, no, no, and no. Montessori Madness! explains why the incremental steps politicians and administrators continue to propose are incremental steps politicians and administrators continue to propose are incremental steps in the wrong direction. The entire system must be turned on its head. This book asks parents to take a look--one thirty-minute observation--at a Montessori school. Your picture of what education should look like will never be the same"--Back cover. Can a spirited beauty tame a Highland beast? Born into both affluence and adoration, Sabrina Cameron, the "princess" of Clan Cameron has never met a soul she couldn't charm—until she comes face to face with Morgan MacDonnell, the son of her father's lifelong enemy. As adults, they are thrown together to end the bloody feud between their families. Morgan spirits the delicate rose of a girl away to his rugged castle, never suspecting that his own surrender will be the sweetest victory of all. Book 3 of 5 of the Brides of the Highlands Series (Can be read in any order) The Brides of the Highlands Series includes The Devil Wears Plaid, Heather and Velvet, A Whisper of Roses, Some Like It Wicked and Some Like It Wild "A Whisper of Roses will make you laugh and cry."—USA Today "Just one more fantastic example of Teresa Medeiros's storytelling ability. Her characters leap from the page to capture your imagination and your heart. Enthralling and unforgettable!"—Romantic Times "Medeiros casts a spell with her poignant writing. An outstanding reading adventure from cover to cover!"—Rendezvous "A superb storyteller. Medeiros can pull every last emotion from the reader with tear-inducing scenes and laugh-out-loud dialogue."—Booklist ENGLISH LANGUAGE EDITION Scottish romance, Highland romance, Clan romance, Bride romance Rebecca Tuhus-Dubrow investigates the Walkman's influence on public space, our relationship to electronic personal devices, and the fears and exhilaration induced by new technologies (as well as the nostalgia attached to old ones). Final Fantasy XIII-2 - The Complete Official Guide - Collector's Edition includes: • Exclusive coffee table book printed on highest-quality paper and bound in a padded hard cover. • Limited print run, includes two ribbon bookmarks. • Includes a 16-page bonus section exclusive to this edition. • Every secret, every unlockable, every side-quest, every mini-game, every Achievement and every Trophy revealed and explained in a dedicated Extras chapter. We've also added a story recap and an artwork gallery. • The dedicated Walkthrough charts the critical path through the main narrative. Describes the Pink Gang, an Indian women's grassroots vigilante group, 20,000-members strong, who fight for women's rights throughout the country and highlights the stories of the women they have helped and the tactics they used. 10,000 first printing. Tabby McTat loves his life busking with his owner, Fred, singing (and caterwauling) for coins that people throw in Fred's hat. But one day, Fred is in an accident, and the two are separated! Will Tabby and Fred find their way back to each other? From the creators of The Gruffalo and Stick Man, Tabby McTat is a touching story of friendship, loyalty, singing -- and kittens! An easy-to-read 318-page guide book for the iPod Touch(r) from Made Simple Learning. Written by the team that has authored the iPhone(tm) 3G Made Simple and nine best-selling BlackBerry(r) guide books. Traveling around the world is one of the most fun and memorable things to do. And one of the best places to include in one's bucket list is Brazil. But here's the thing: Brazil isn't an English-speaking country and if you'd like to be able to really enjoy your trip there, it's crucial that you know important basic phrases so you can get and convey information that will enable you to get to where you want to go and do what you want to do there. Grab your copy of Brazilian Portuguese Phrase Book and learn the basic phrases you'll need to enjoy your trip to Brazil. And more than just the phrases themselves, you will also get to learn basic principles underlying the Brazilian Portuguese language that will help you learn even more words and phrases later on. The Brazilian Portuguese Phrase Book, you can easily learn to speak basic phrases for tourists so you can make sure that your trip to Brazil will be a most unforgettable one The BD-CMM is the standard for high performance in Business Development (BD). Version 2.0 reflects significant, world-wide operational experience, lessons learned, and research studies conducted since Version 1.0 was released in 2004. In addition, the new version restructures content to align with Capability Maturity Model Integration® (CMMI®). As was true for Version 1.0, BD-CMM is not intended to provide "a quick fix" for organizations that may have failing BD projects. Rather, it addresses key issues that (a) help organizations create dramatically more robust focus on customer value, dynamic leadership, teamwork, process vibrancy, and leading-edge systems; (b) support capability to win more opportunities, at greater contract values, while minimizing the cost of winning; and (c) move organizations to a sustainable culture of business winning in an increasingly competitive business environment Do Right, Fear Nothing. Sam Hopkins is a good kid who has fallen in with the wrong crowd. Hanging around with car thieves and thugs, Sam knows it's only a matter of time before he makes one bad decision too many and gets into real trouble. But one day, Sam sees these friends harassing an eccentric schoolmate named Jennifer. Finding the courage to face the bullies down, Sam loses a bad set of friends and acquires a very strange new one. Jennifer is not just eccentric. To Sam, she seems downright crazy. She has terrifying hallucinations involving demons, the devil, and death. And here's the really crazy part: Sam is beginning to suspect that these visions may actually be prophecies—prophecies of something terrible that's going to happen very soon. Unless he can stop it. With no one to believe him, with no one to help him, Sam is all alone in a race against time. Finding the truth before disaster strikes is going to be both crazy and very, very dangerous. "The adrenaline-charged action will keep you totally immersed." —RT Book Reviews "This clear and thoughtful book by Robert Waska provides an accessible introduction to Projective Identification and the role it plays in internal and external life. Waska explores how Projective Identification is the foundation for much of psychic life, driving internal phantasy, influencing interpersonal behavior, and contributing to the transference/countertransference environment. This book contains several case studies which explore and expand on the concepts described and which demonstrate how a psychotherapist can understand, contain and interpret the states patients seek help with. Additionally, this book introduces a clinical technique which is intended to tame the underlying emotional conflicts. Part of the popular Routledge Introductions to Contemporary Psychoanalysis series, this book will be essential to students of psychoanalysis, as well as academics and practitioners familiarising themselves with Projective Identification in a clinical setting"--
