*Four British Fantasists Mar 10 2021 Four British Fantasists explores the work of four of the most successful and influential of the generation of fantasy writers who rose to prominence in the "second Golden Age" of children's literature in Britain: Susan Cooper, Alan Garner, Diana Wynne Jones, and Penelope Lively.*

*The Bloomsbury Handbook of the Anthropology of Sound Feb 18 2022 The Bloomsbury Handbook of the Anthropology of Sound presents the key subjects and approaches of anthropological research into sound cultures. What are the common characteristics as well as the inconsistencies of living with and around sound in everyday life? This question drives research in this interdisciplinary area of sound studies: it propels each main chapter of this handbook into a thoroughly different world of listening, experiencing, receiving, sensing, dreaming, naming, desiring, and crafting sound. This handbook is composed of six sections: sonic artifacts; sounds and the body; habitat and sound; sonic desires; sounds and machines; and overarching sensologies. The individual chapters explore exemplary research objects and put them in the context of methodological approaches, historical predecessors, research practices, and contemporary research gaps. This volume offers therefore one of the broadest, most detailed, and instructive overviews on current research in this area of sensory anthropology.*

*J.R.R. Tolkien Encyclopedia Jun 24 2022 A detailed work of reference and scholarship, this one volume Encyclopedia includes discussions of all the fundamental issues in Tolkien scholarship written by the leading scholars in the field. Coverage not only presents the most recent scholarship on J.R.R. Tolkien, but also introduces and explores the author and scholar's life and work within their historical and cultural contexts. Tolkien's fiction and his sources of influence are examined along with his artistic and academic achievements - including his translations of medieval texts - teaching posts, linguistic works, and the languages he created. The 550 alphabetically arranged entries fall within the following categories of topics: adaptations art and illustrations characters in Tolkien's work critical history and scholarship influence of Tolkien languages biography literary sources literature creatures and peoples of Middle-earth objects in Tolkien's work places in Tolkien's work reception of Tolkien medieval scholars scholarship by Tolkien medieval literature stylistic elements themes in Tolkien's works theological/philosophical concepts and philosophers Tolkien's contemporary history and culture works of literature*

*History of Ancient Asia May 12 2021 Asia is the home of magnificent ancient civilisations. From the ziggurats of Mesopotamia to the Indus Valley's carefully planned towns, from Hammurabi's first law code, to China's Han Dynasty, this fully illustrated book uncovers the oldest stories of the world's largest continent. The History of Ancient Asia encompasses Mesopotamia, Arabia and Turkey, across the continent to China and Japan, south to India and parts of Indonesia, and north to the steppes of Central Asia and the Arctic coast. It includes all the major events, personalities, artistic and social developments from early populations through the rise of complex societies and the birth of major religions.*

*Fanfiction and the Author* Aug 03 2020 Whether you look at quantity, quality, or readership, we are in an unprecedented era of fan fiction. Thus far, however, the genre has been subject to relatively little rigorous qualitative or quantitative study--a problem that Judith May Fathallah remedies here through close analysis of fanfiction related to Sherlock, Supernatural, and Game of Thrones. Her large-scale study of the sites, receptions, and fan rejections of fanfic demonstrate how it often legitimates itself through traditional notions of authorship even as its explicit discussion and deconstruction of the author figure contests traditional discourses of authority and opens new spaces for writing that challenges the authority of media professionals.

*The Encyclopedia of Civil Liberties in America* Jul 02 2020 Driven by the growing reality of international terrorism, the threats to civil liberties and individual rights in America are greater today than at any time since the McCarthy era in the 1950s. At this critical time when individual freedoms are being weighed against the need for increased security, this exhaustive three-volume set provides the most detailed coverage of contemporary and historical issues relating to basic rights covered in the United States Constitution. The Encyclopedia of Civil Liberties in America examines the history and hotly contested debates surrounding the concept and practice of civil liberties. It provides detailed history of court cases, events, Constitutional amendments and rights, personalities, and themes that have had an impact on our freedoms in America. The Encyclopedia appraises the state of civil liberties in America today, and examines growing concerns over the limiting of personal freedoms for the common good. Complete with selected relevant documents and a chronology of civil liberties developments, and arranged in A-Z format with multiple indexes for quick reference, The Encyclopedia of Civil Liberties in America includes in-depth coverage of: freedom of speech, religion, press, and assembly, as outlined in the first amendment; protection against unreasonable search and seizure, as outlined in the fourth amendment; criminal due process rights, as outlined in the fifth, sixth, seventh, and eighth amendments; property rights, economic liberties, and other rights found within the text of the United States Constitution; Supreme Court justices, presidents, and other personalities, focusing specifically on their contributions to or effect on civil liberties; concepts, themes, and events related to civil liberties, both practical and theoretical; court cases and their impact on civil liberties.

*Fan Fiction and Fan Communities in the Age of the Internet* Dec 19 2021 Fans have been responding to literary works since the days of Homer's *Odyssey* and Euripedes' *Medea*. More recently, a number of science fiction, fantasy, media, and game works have found devoted fan followings. The advent of the Internet has brought these groups from relatively limited, face-to-face enterprises to easily accessible global communities, within which fan texts proliferate and are widely read and even more widely commented upon. New interactions between readers and writers of fan texts are possible in these new virtual communities. From *Star Trek* to *Harry Potter*, the essays in this volume explore the world of fan fiction--its purposes, how it is created, how the fan experiences it. Grouped by subject matter, essays cover topics such as genre intersection, sexual relationships between characters, character construction through narrative, and the role of the beta reader in online communities. The work also discusses the terminology used by creators of fan artifacts and comments on the effects of technological advancements on fan communities. Instructors considering this book for use in a course may request an examination copy here.

*Just a Drop of Water* Dec 27 2019 Winner of the Crystal Kite Award, this touching story explores what it mean to be a good friend, how you should react to a bully, and makes the events of September 11th, 2001 personal. In this story about growing up in a difficult part of America's history, Jake Green is introduced as a cross country runner who wants to be a soldier and an American hero when he grows up. Before he can work far towards these goals, September 11th happens, and it is discovered that one of the hijackers lives in Jake's town. The children in Jake's town try to process everything, but they struggle. Jake's classmate Bobby beats up Jake's best friend, Sam Madina, just for being an Arab Muslim. According to his own code of conduct, Jake wants to fight Bobby for messing with his best friend. The situation gets more complicated when Sam's father is detained and interrogated by the FBI. Jake's mother doubts Sam's father's innocence. Jake must choose between believing his parents and leaving Bobby alone or defending Sam.

*The Papers of Jefferson Davis* Oct 24 2019 The final volume of *The Papers of Jefferson Davis* follows the former president of the Confederacy through the completion of his two monumental works on the history of the Confederate

*States of America. In the first, The Rise and Fall of the Confederate Government (1881), Davis sought to recast the Confederacy as a just and moral nation that was constitutionally correct in standing up for its rights. Himself the subject of heated debates about why the Confederacy lost, Davis also used the book to castigate Confederate government and military officials who he believed had failed the cause. Later, A Short History of the Confederate States (1890) attempted to burnish the image of the former Confederacy and to refute accusations of intentional mistreatment of Union prisoners. While completing these books, Davis attended and spoke at numerous Confederate memorial services and monument dedications, all the while waging a bitter feud with two of his former top generals—Joseph E. Johnston and P. G. T. Beauregard—over the reasons for the fall of the Confederacy. In late 1889, having returned to New Orleans from a trip to his plantation, Brierfield, Davis succumbed to pneumonia. His funeral procession attracted an estimated 150,000 mourners, a testament to the lasting popularity of the Confederacy's only president. In volume 14 of The Papers of Jefferson Davis, the editors have drawn from over one hundred manuscript repositories and private collections, in addition to numerous published sources, to offer a compelling portrait of Davis over the last decade of his life.*

*Denver Journal of International Law and Policy Aug 27 2022*

*The Good Garden* Oct 17 2021 *Crisp hornbeam hedges lining a country drive and throwing geometric shadows on the gravel below. Decadent cascades of fragrant wisteria spilling over a stone pergola. Rustling leaves along an allée of delicate crepe myrtle trees. Waving blossoms of roses, sage, and hydrangeas—along a salty shoreline. Edmund Hollander Landscape Architects creates gardens filled with unexpected textures, colors, and sounds meant to appeal to all the senses, inviting us to truly live in the landscape. This volume presents dozens of gorgeous estate gardens throughout the Northeast, approached thematically; individual sections reveal how components such as gateways, paths, pool terraces, bosques and groves, walls, and borders contribute to lush garden rooms, windblown seaside gardens, calming meadow gardens, intricate formal gardens, and shady tracts of woodland. Over 300 color photographs of beautiful properties in the Hamptons, Connecticut, and upstate New York provide glimpses of the best garden design happening today while breaking down its ideas for the home gardener. Evocative text by New York Times and Landscape Architecture columnist Anne Raver details how the firm works to envelop visitors in landscapes that feel entirely whole: plantings near architecture create a dynamic entry progression; hardscape features that lead out into a broader garden gradually cede to more natural, living elements; pools are surrounded by gracious swaths of flowers that bloom in sequence as the season progresses to provide privacy for bathers and a sense of quiet seclusion. The ideas presented here will help owners of gardens of every size enjoy their land to the fullest.*

*Report on Multilevel and Longitudinal Psychometric Models Sep 23 2019*

*English Fanfiction and its Influence on today's Society Sep 27 2022 Fanfiction is a phenomenon that has influenced and is influenced greatly by our society. In this book, the influence of English fanfiction today is examined, with focus on the social, psychological and political impact of the fan-written texts. The definition of fanfiction, its origin and history are discussed and fanfiction terminology and websites are explained. The book focuses on who reads and writes fanfiction and how physical and mental illnesses as well as gender identity and sexuality are portrayed in fanfiction. It also aims to answer the question of how teenagers are influenced by fanfiction and how it impacts their development. It furthermore shows what we as a society can learn through reading fanfiction and interacting with the community, including second language acquisition and fanfiction in relation to classroom learning. Further topics include fanfiction as a form of imaginary play and defining fanfiction as a form of activism. This work was first written as a research paper, the so called VWA, as part of the final high school exam in Austria. After receiving an award from the Education Directorate of Vorarlberg (Austria) in June 2022 for the best research paper in the category Social Sciences/Economics, the author chose to publish the extended version of the paper as a book.*

*CSE Report Aug 22 2019*

*The Eighth Guardian Dec 31 2022 After grueling physical and psychological testing at the elite Peel Academy, Amanda Obermann is chosen to join a secret government organization to travel through time and change the course of history.*

*Half Bad* Dec 07 2020 *In modern-day England, where witches live alongside humans, Nathan, son of a White witch and the most powerful Black witch, must escape captivity before his seventeenth birthday and receive the gifts that will determine his future.*

*Animation in Asia and the Pacific* Jun 12 2021 *Animation has had a global renaissance during the 1990s, and*

nowhere is this more evident than in Asia. With the exception of China and Japan, most Asian nations are relatively new to this art form. Over the last decade, countries such as Taiwan, South Korea, the Philippines, and Thailand, as well as China, have acted as major offshore production plants for North American and European studios. One of the spurs for this increase in activity has been the global growth of terrestrial, cable, satellite, and video systems, all demanding large menus of programming, including animation. A second spur has been the exceptional popularity that Japanese animé has enjoyed across Asia, Europe, and the United States. Despite these developments, there has not been corresponding growth of a serious literature covering industrial and aesthetic issues about Asian animation, and the small amount of work that has been produced has not been published in English. *Animation in Asia and the Pacific* provides the first continent-wide analysis, delving into issues of production, distribution, exhibition, aesthetics, and regulation in this burgeoning field. *Animation in Asia and the Pacific* also offers vignettes of the fascinating experiences of a group of animation pioneers. The historical and contemporary perspectives derive from interviews, textual analysis, archival research, and participation/observation data.

*Keywords in Remix Studies Sep 15 2021* *Keywords in Remix Studies* consists of twenty-four chapters authored by researchers who share interests in remix studies and remix culture throughout the arts and humanities. The essays reflect on the critical, historical and theoretical lineage of remix to the technological production that makes contemporary forms of communication and creativity possible. *Remix* enjoys international attention as it continues to become a paradigm of reference across many disciplines, due in part to its interdisciplinary nature as an unexpectedly fragmented approach and method useful in various fields to expand specific research interests. The focus on a specific keyword for each essay enables contributors to expose culture and society's inconclusive relation with the creative process, and questions assumptions about authorship, plagiarism and originality. *Keywords in Remix Studies* is a resource for scholars, including researchers, practitioners, lecturers and students, interested in some or all aspects of remix studies. It can be a reference manual and introductory resource, as well as a teaching tool across the humanities and social sciences.

*Die Farbe der Zukunft Mar 22 2022* Wenn man Mitglied einer geheimen Zeitreiseorganisation ist, hat man sicherlich kein ruhiges Leben. Doch seit Annum Guard eine neue Chefin hat, steht Amanda, Codename Iris, nonstop unter Stress. Zum Glück hat sie ihren Freund Abe an ihrer Seite! Doch als plötzlich mehrere Zeiteinsparer spurlos verschwinden, macht Iris eine schreckliche Entdeckung: Eine Einheit namens »Blackout« versucht jeden umzubringen, der sich einer korrupten Macht in den Weg stellt, die die Missionen Annum Guards torpediert. Gemeinsam müssen Iris und Abe das dichte Netz aus Lügen und Geheimnissen in Annum Guard entwirren ohne aufzufliegen. Doch je mehr Iris erfährt, desto mehr muss sie sich fragen, wie viel sie riskieren will ... Denn wer zu sehr in die Vergangenheit eingreift, gefährdet die Menschheit selbst.

*The General Principles of Constitutional Law in the United States of America Mar 29 2020*

*Plagiarism and Imitation During the English Renaissance Apr 30 2020* This book defines the attitude of English writers between 1500 and 1625 toward the question of literary property rights, of imitation, of what today is called plagiarism.

*Diversity in Intellectual Property Jan 20 2022* This book aims to create an interface between intellectual property and diversity - including cultural, biological, religious, racial, and gender-based diversity. While acknowledging that the historical rationale for intellectual property protection is based on theories of utilitarian incentives and property rights, the authors of this volume assert that the current intellectual property framework is not incompatible with including diversity as part of its objectives. Through its various themes, this book delves into the debate of whether such inclusion can be made possible and how intellectual property norms could be effectively used to protect and promote diversity. In this volume, leading scholars address ongoing regional, national, and international debates within the contexts of diversity, the existing legal framework, and the broader political and economic climate. The authors tackle such wide-ranging topics as the prohibition against trademarking slurs and concepts of intellectual property in ancient Indian texts.

*Advances in Multi-level Psychometric Models Jan 26 2020*

*Parallel Oct 29 2022* Amanda Obermann, Code Name Iris, hasn't had the easiest life. Her father, a corrupt government agent, died when she was a baby, and she was raised by her mentally unstable mother. She's also a member of Annum Guard, a secret government organization that travels through time to alter the course of history. But on her last mission, Amanda made a horrible mistake. She traveled to the past and accidentally caused the death

of her boyfriend Abe's grandfather-completely erasing Abe from existence and launching herself into a parallel universe where her father is very much alive. Desperate to set things right, Amanda is forced to go on the defensive. She must play a dangerous cat-and-mouse game with her own father as she navigates an unfamiliar Annum Guard in order to save Abe. But the further in she gets, the more she realizes that nothing is as it seems. Her father isn't quite the monster she'd always assumed. Her mother is stable, healthy, and loving. She has real, genuine friends. Before she knows it, Amanda finds herself in an impossible predicament-stay and live the life she's always wanted, or return to her own timeline to give Abe the life he deserves? In this gripping conclusion to the Annum Guard series, playing with time can have deadly consequences.

Das Science Fiction Jahr 2016 Jul 26 2022 Im Jahr 2015 erschien das Science Fiction Jahr, das informative Kompendium zum wichtigsten Genre der Zukunft, erstmals im Golkonda Verlag. Dass der Staffelwechsel, nach neunundzwanzig Ausgaben im Münchner Heyne Verlag, als gelungen bezeichnet werden kann, bestätigt eine Auszeichnung mit dem Kurd Laßwitz Preis in der Kategorie "Sonderpreis für einmalige herausragende Leistungen im Bereich der deutschsprachigen Science Fiction 2015". Der nächste Band ist in Vorbereitung, und vorgesehen sind folgende Themen: David Brin erklärt, warum 2015 das beste Weltraumjahr aller Zeiten war; Michael Höffler und Ralph Sander werden über die Jubiläen der Fernsehserien Raumpatrouille Orion und Raumschiff Enterprise Wissenswertes beisteuern; Kai U. Jürgens hat Christopher Ecker interviewt und stellt dessen neuen Roman vor; von der Geschichte der SF handeln Beiträge über Olaf Stapledon und Isaac Asimov; Elisabeth Bösl interviewt Dmitry Glukhovskiy zu seinem aktuellen Bestseller Metro 2035 und zu seiner Sicht auf die Verhältnisse in Russland; Uwe Neuhold und Sascha Mamczak machen uns mit dem aktuellen Stand der Dinge in Sachen "Künstliche Intelligenz" vertraut; und vieles mehr. Darüber hinaus wird in einzelnen Rezensionsblöcken das ganze Spektrum der Science Fiction ausgeleuchtet: Literatur, Film, Comic, Games und Hörspiele. Eine Bibliographie der 2015 erschienenen SF (und nur dieser) sowie eine Übersicht der 2015 verliehenen SF-Preise und ein Nekrolog runden den Band ab.

*Great Debates in Gender and Law* Apr 22 2022 The first textbook to consider gender perspectives in relation to the whole undergraduate law curriculum in England and Wales. Gender is of central importance in every area of law and every area of people's lives but is rarely mentioned in the formal LLB syllabus; this book is designed to fill some of those gaps. 18 chapters, written by experts in the field, cover all the core modules on the English LLB together with 11 of the most popular options. Aimed at students and lecturers on undergraduate and postgraduate Gender and Law modules, the book will also be useful for all LLB and LLM students studying English law, who may use it to accompany their studies from their first to their final year, and also for prospective law students, legal scholars from outside England and Wales, and scholars in other disciplines.

*The Case for Marriage* Aug 15 2021 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. *The Case for Marriage* is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. *The Case for Marriage* combines clearheaded

*analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal*

*The Commercial Appropriation of Fame May 24 2022 9.1 A Pragmatic Cultural Framework for Legal Analysis -- 9.2 Concluding Remarks -- Bibliography -- Index*

*Multivariate Analysis: Future Directions 2 Nov 29 2022 The contributions in this volume, made by distinguished statisticians in several frontier areas of research in multivariate analysis, cover a broad field and indicate future directions of research. The topics covered include discriminant analysis, multidimensional scaling, categorical data analysis, correspondence analysis and biplots, association analysis, latent variable models, bootstrap distributions, differential geometry applications and others. Most of the papers propose generalizations or new applications of multivariate analysis. This volume will be of great interest to statisticians, probabilists, data analysts and scientists working in the disciplines such as biology, biometry, ecology, medicine, econometrics, psychometrics and marketing. It will be a valuable guide to professors, researchers and graduate students seeking new and promising lines of statistical research.*
