The legal system requires mental health professionals to provide research summaries to support their evaluations in child custody cases.

Contributions from leading developmental researchers, legal professionals, and clinicians describe how scientific evidence is properly used in court. Timely and current, this book helps evaluators access the best information to fulfill their obligations to their clients and the court. The Second Edition adds chapters on family observation, parental alienation, and sexual abuse. Forensic psychologists, family lawyers, and judges will be equipped with the most current information to aid in custody decisions. Comprehensive chapters walk you through every step of the divorce process, with special attention to the custody battle. You'll learn the meaning of legal terms, the process of divorce, how courts determine custody, and how to maximize your chances of victory at every stage. Keeping a journal for Child Custody. Getting a divorce is often a complicated process, which becomes even more complicated when there are children involved. By keeping a journal for child custody, you will smoothen the entire process, and reduce the stress involved on you and your child. The journal will also be extremely useful to your attorney, and will often be used by the court to help with the process. Documenting the process should become a habit; and this journal is the ultimate tool to developing this habit. EVERYTHING that happens to your child, whether good, bad, or neutral should be recorded and dated. Ones memory will often fail to hold up in court when in court or mediation in regards to child custody. What this journal contains: Visitation planner: The visitation planner at the beginning of the diary contains space for you to quickly plan your visitations. This information is crucial for keeping to agreed upon times and dates and should be recorded as soon as each agreement is made, to avoid any later disputes. Input sections for: Date Pick up and drop off time Pick up and drop off location Communication Log: A communication log is one of the most important aspects of keeping a journal for child custody. It ensures that you are protected and prepared for all agreements and conversations that will happen between the other parent, lawyer etc. Inputs include: Time, date, start time and length of conversation Nature of the conversation, who initiated it, what was covered Main points raised Additional information Visitation log: Visitation is often one of the trickiest parts of managing child custody. The visitation log in this journal is designed to ensure both parties uphold their agreements that were made in regards to visitation, and that the child's best interests are kept at the forefront of the agreements. Other notes: A section for any other notes related to child custody. Remember: everything related to this process should be recorded. Any information that may not fit into the other sections should be written here. It may include things such as your child's mood after a visit, something your child says about their other parent etc.

This section will be used almost every day used correctly, with each note dated as instructed. If any other sections should run out, continue to use this section. Tips for keeping this journal: As well as the information included above, the journal contains tips about how best to keep this journal. Book Features: 8.5 x 11 inch in size 120 total pages - Multiple 'sections' per page (Should last around 1 year) Perfect bound with a beautiful soft matte cover Printed on white bleedproof paper Durable Tips for keeping a child custody journal Remain Balanced - stay objective: While you want to do everything you can to get custody of your children, make sure you also write down the good things the other parent does. Remember, this is about what is best for your children, not what is best for you or for the other parent. NEVER LIE OR FALSIFY INFORMATION or you will ultimately lose the battle in court. Include Smaller Details Don't forget to include the smaller, everyday details with your custody journal. Specifically, you'll want to take note of: Comments your child makes about the other parent (Positive and negative) From parenting expert Julie A. Ross and writer Judy Corcoran comes the fully revised Joint Custody with a Jerk, the highly praised guide to co-parenting with an uncooperative ex-spouse, now updated to provide real solutions to tough family issues. It's a fact that parenting is hard enough in a family where two parents love and respect each other... After divorce, when the respect has diminished and the love has often turned to intense dislike, co-parenting can be nearly impossible, driving one or both parents to the brink of insanity. Joint Custody with a Jerk offers many proven communication techniques that help you deal with your difficult ex-husband or ex-wife. By outlining common problems and teaching tools to examine your own role in these sticky situations, this book conveys strategies for effective mediation that are easy to apply, sensible, timely and innovative. This revised edition of a bestselling classic sheds light on how today's digital forms of communication can both hurt and help in custody conflicts, and offers updated information throughout that brings age-old issues into the present day. Addresses key topics such as the best interests of the child, custody and time share, divorce and its impact on children and children's developmental needs. The Handbook of Divorce and Custody brings together mental health professionals and forensic specialists dedicated to working in the legal arena with families in crisis. Section I provides the individual perspectives of experienced clinicians, all of whom share a psychodynamic and developmental purview, and supplements their accounts with the viewpoints of a lawyer and a judge. Section II examines parental psychopathology, which is often at the root of family conflict and turmoil. Section III deals with the nature and extent of the state's potential involvement with the family, from ensuring parents' rights to raise their children to identifying those circumstances that justify the termination of parental rights. The remaining three sections follow the progressive issues engaged by divorcing families as they work their way through the legal system: forensic evaluation, post-divorce legal arrangements, and the emotional aftermath of divorce, including indications for various types of therapeutic intervention. Through the Handbook, contributors pay special attention to a set of core issues that underlie - and complicate - the evaluations, recommendations, and judicial determinations that enter into the divorce/custody process. Specifically, they focus on the inherent conflict between the family's right to privacy and the state's commitment to the best interest of children; the increasingly uncertain question of what constitutes a family and who has the right to legal standing; the problematic role of fathers in the lives of their children; the nature of the evaluation process and the role of the forensic expert in a "good enough" evaluation; the important differences between the role of therapist and the role of evaluator; and, finally, the impact of divorce itself on the lives of today's children. Discusses a variety of issues concerning child custody, including court structures, living arrangements, recommendations on avoiding court battles, and advice on working with lawyers. Dealing with Joint Custody battles can be challenging for a divorced parent, especially when you're Co-parenting with Emotionally Abusive Ex, Difficult Ex, a Jerk, Toxic Ex, Uncooperative Ex-Spouse partner, or Narcissist Ex. Joint Custody or Co-Parenting, which is otherwise known as shared custody, has increasingly become an alternative way of deciding child custody disputes for divorced partners. Before, it was more usual to grant the sole custody of the child to the mother, while the visitation rights are to be awarded to the father. This system can be the subject of a Co-Parenting deal negotiated between the parents, or it can be imposed upon by the deciding judge in the sense that it is in the best interests of the concerned child. It's necessary to take the right step when it comes to raising a resilient child with Toxic Ex, Narcissist Ex, Difficult Ex, or with an Ex Jerk partner. Therefore, when you and your Ex-partner don't agree on significant aspects of Joint Custody like sharing the right and the responsibility to make decisions on the child's health, education, religious upbringing, parenting time, and welfare of the child; The Holy Co-Parenting with Bad Ex has got you covered. Every guide you need in making progress of winning full custody of your child, and gaining your child's trust has been included in this book. What are the other guides you're going to find in this book? -A guide to making Joint Custody works for you and the kids. -How to protect your child during and after the divorce. -Bulletproof yourself from your Ex narcissism, abusive, and bad influence habits. -Co-Parenting with Ex guidelines. -Strategies to Help Your Child Deal With your negative Ex talks and badmouthing. -Deadly mistakes people make when it comes to Joint Custody with Narcissist, Difficult Ex-spouse, and Toxic Ex-partner. -How to make the kids not believe in the badmouthing of concerned Ex. -Dos and don'ts for Winning Full Custody of your child in a law court-Logics to Explain divorce to your child without losing their respect or make them feel depressed. -Guide to Winning a child custody case for mothers and fathers. -How to Safeguard your Child from Parental Alienation and conflicts with Narcissist Ex. And it doesn't end there. The Holy Co-parenting with Bad Ex will provide a more helpful guide and tools to handle Joint Custody with Ex-convicts, junkies, Narcissists, difficult, toxic, and uncooperative EX. Techniques to handle your Ex-in-laws, grandparents, creating limits, guidelines, and schedules your parenting time, and develop a mindful relationship for you and your children. Click the "BUY NOW" Button and discover the never heard before guide to handle Difficult Ex-partner and maintain your parent-child bonds. This book presents the latest data-based approaches to understanding and assessing relevant child, parent and family factors in child custody evaluation. Lawyers recommend keeping track of all interactions between parents Don't let your ex control you and protect your kids Coping with divorce can be one of the most stressful times of your life. Dealing with a high conflict ex in court is very difficult, especially if details of meetings are confused. It is recommended by lawyers and counselors to keep a journal to track details pertaining to custody and visitation. You can show a pattern of abuse and disregarded agreements, which courts will pay attention to. Easily keep track of all photos, videos and witnesses to incidents that may occur. Being able to present in a concise manner will help show your organization and there will be more trust put into what you say in court. Keep track of everything you need for the courts: Dates and times (including the actual time the ex arrived, especially if late) Agreed meeting place Details of what was discussed Names of any photos or videos taken All details to help with co-parenting and visitation >>> Parents with mental health issues like narcissist and borderline personality disorders can make your and your kids lives difficult When you have to deal with a parent that causes problems because of narcissist or borderline personality disorders, it is difficult for you to take care of your kids. Every time there is conflict it raises stress and harms your kids. Lawyers don't want to deal with someone that complains about the ex. By keeping track of a pattern of problems and showing that the ex doesn't meet the agreements, you can gain back control. Without having details of a series of problems, the court won't see what the problem is. Using this journal, you can help yourself and your kids by gaining the control and power back that might otherwise be taken from you. Start today with gaining your control and sanity back Is your ex-spouse trying to gain custody of your kids? Has he or she launched a campaign to make you look like a bad parent, both in the eyes of your children and the law? You aren't alone. Unfortunately, high-conflict custody battles are all-too-common in today's world. So how can you arm yourself with the mental and legal resources needed to survive this difficult time and keep your kids safe? In The High-Conflict Custody Battle, a team of legal and psychology experts present a practical guidebook for people like you who are engaged in a high-conflict custody battle. If you are dealing with an overtly hostile, inflammatory, deceitful, or manipulative ex-spouse, you will learn how to find and work with an attorney and prepare for a custody evaluation. The book also provides helpful tips you can use to defend yourself against false accusations, and gives a realistic portrayal of what to expect during a legal fight. Going through a divorce is hard, but going through a custody battle can feel like war. Don't go in unprepared. With this book as your guide, you will be able to navigate this difficult process and learn powerful skills that will help you maintain a healthy relationship with your kids, fight unfair accusations, and uphold your rights as a parent. With a near 50% divorce rate in the United States, every parent who reads this book is either going through a divorce, has been divorced, is married to or living with someone who is divorced, or will go through one or more of his/her children's divorces. Unlike books designed to enlighten parents about children's reactions to divorce, A Parents' Guide to Child Custody is written for parents themselves. The book provides parents with an overview of the context within which custody is decided by courts today, including a chapter-by-chapter explanation of the factors that are considered by the court in rendering a custody

decision. Part I opens the book with three brief case histories in which the reader is asked to put herself/himself in the place of the court by imaging what custody decisions they would make if they were the judge. This chapter is followed by an orientation to the three major factors that all courts consider in coming to a custody decision. Each subsequent chapter addresses the specific factors that are weighed by the court in its deliberations. Part II provides a more in-depth view of such topics as the factors considered by judges in coming to a custody decision, what to expect when undergoing a child custody evaluation, the use and pitfalls of psychological tests, the assessment of parental capacity, and strategies for countering false allegations. Part III reviews eight myths (i. e. commonly held misconceptions) about what is best for children, as well as guidelines for discussing custody with your children. Part IV provides insight into how best to deal with parental alienation, domestic violence, and obstruction of one parent's access by the other parent after the court has ruled on custody. Part V concludes with eight sure-fire ways to lose custody as well as the custody evaluator's recommendations in each of the three hypothetical cases presented in Part I. It is the author's sincere hope that this book will help parents become better advocates for themselves and for their children. Questions about how children fare in divided families have become as perplexing and urgent as they are common. In this landmark work on custody arrangements, the developmental psychologist Eleanor Maccoby and the legal scholar Robert Mnookin consider these questions and their ramifications for society. The first book to examine the social and legal realities of how divorcing parents make arrangements for their children, *Dividing the Child* is based on a large, representative study of families from a wide range of socioeconomic levels. Maccoby and Mnookin followed a group of more than one thousand families for three years after the parents filed for divorce. Their findings show how different divorce agreements are reached, from uncontested dealings to formal judicial rulings, and how various custody arrangements fare as time passes and family circumstances change. Numerous examples of joint custody and father custody are considered in this account, along with the mother-custody families more commonly studied; and in most cases the point of view of both parents is presented. Among families in which children spend time in both parental households, the authors identify three different patterns of co-parenting: cooperative, conflicted, and disengaged. They find that although divorcing parents seldom engage in formal legal disputes, they are generally unable to cooperate effectively in raising their children. Full of interesting findings with far-reaching implications, this book will be invaluable to the lawyers, judges, social workers, and parents who, more and more often, must make wise and informed decisions concerning the welfare and care of children of divorce. "When domestic abuse and children are involved, divorce and custody can be the epitome of high stakes conflict and frustration. This book helps laypeople, mental health professionals, and attorneys navigate the judicial process so that decisions are truly made in the best interest of children. This book shows the reader how all the puzzle pieces of the judicial process fit together: judges, attorneys, mental health experts, children, and spouses"-- Help! is the first word a parent yells when dealing with a child custody battle. Author Guy White cuts through and captures the essence of how child custody cases are won and lost. *Child Custody A to Z* navigates you through the flawed system of justice. Evidence is the most overlooked aspect of a child custody case. This book explains and addresses: How to choose an attorney How to impeach court experts How to gather evidence How to expose a personality disorder How to investigate your case *Child Custody A to Z* is replete with case studies that tell the real story of the controversial game of child custody. There is no substitute for preparation. White reveals judges, attorneys and court experts for their bias and incompetence. The author takes you through the step-by-step formula for winning with evidence. Parenting is difficult enough in a family where the two parents love and respect each other. In divorce, where the respect has diminished and the love has often turned into intense dislike, co-parenting can drive on or both parents to the brink of insanity. *Joint Custody with a Jerk* offers many proven communication techniques that will help you deal with your difficult ex-husband or ex-wife by describing examples of common problems and teaching you to examine your role in these sticky situations. These strategies for effective mediation are easy to apply, down-to-earth, and innovative. *Letters and courtroom testimony* highlight the chronicle of a father's ten-year battle to gain custody of his children Offers advice and communication techniques for dealing with common problems commonly faced by divorced couples who share custody of a child. *Keeping a journal for Child Custody*. Getting a divorce is often a complicated process, which becomes even more complicated when there are children involved. By keeping a journal for child custody, you will smoothen the entire process, and reduce the stress involved on you and your child. The journal will also be extremely useful to your attorney, and will often be used by the court to help with the process. Documenting the process should become a habit; and this journal is the ultimate tool to developing this habit. EVERYTHING that happens to your child, whether good, bad, or neutral should be recorded and dated. One's memory will often fail to hold up in court when in court or mediation in regards to child custody. What this journal contains: Visitation planner: The visitation planner at the beginning of the diary contains space for you to quickly plan your visitations. This information is crucial for keeping to agreed upon times and dates and should be recorded as soon as each agreement is made, to avoid any later disputes. Input sections for: Date Pick up and drop off time Pick up and drop off location Communication Log: A communication log is one of the most important aspects of keeping a journal for child custody. Include Smaller Details Don't forget to include the smaller, everyday details with your custody journal. Specifically, you'll want to take note of: Comments your child makes about the other parent (Positive and negative) Avoid custody battles--save time, money, and grief. This book offers concrete help with one of the most difficult aspects of a separation: figuring out how to co-parent in a way that's best for your children and works for both of you. *Custody and Support: Get the Answers You Need* When you're getting divorced, you can make a tough time easier for yourself and your children if you work with the other parent to agree on a custody plan and child support. If you can't resolve these issues, you'll have to head to court and ask a judge to decide for you. Either way, *Nolo's Essential Guide to Child Custody & Support* can help. You'll learn: how negotiation and mediation can keep costs down and improve future dealings with your ex where to find your state's child support guidelines how judges make custody decisions how to enforce and change custody and support orders how court trials work how Covid-19 is affecting custody arrangements and family court hearings, and when you need a lawyer and how to work with one. You'll also find specifics about each state's laws, including what factors courts consider when they rule on custody arrangements and what happens when one parent wants to move away with the children. This empowering guide is an inspirational roadmap for the millions of men and women navigating a rocky relationship with a former spouse-while trying to maintain a healthy atmosphere for their child. Topics include: \* The 7 strategies for peace when an ex refuses to change \* Skills for taming former in-laws \* Ways to help children cope with a difficult parent \* Strategies and alternatives for focusing anger \* How to avoid hot-button issues \* How to nudge an ex to change for the better \* Ways to deal with children's questions and confusion \* The new partner's role in the old partner's shadow This is the book for every frustrated parent coming out of a divorce who needs support in setting things right-the healthy, sensible, and sane way. Going through a divorce is a difficult process which becomes even more complicated when it involves the custody of your children. Documenting everything - good, bad and neutral - can be extremely important when it comes to court or mediation in a child custody battle. This journal will help you organize and document: \* 44 visitation sessions with a schedule and details for each visit; \* 150 communications and the details of each; \* 20 additional lined pages to record any other notes that you feel are important to your case. Conveniently sized at 8" x 10" (20.32

cm x 25.4 cm), the Child Custody Journal has a soft paperback cover and bound pages that won't fall out. Divorce in the United States is becoming more prevalent than ever. More than 2.3 million Americans divorce each year, and half of all marriages and 60% of all remarriages end in divorce. And the costs of ending a marriage--(both financial and emotional--(are staggering; the most conservative estimated cost of divorce is \$15,000 and average legal fees range from \$20,000 to \$30,000. And with most lawyers fees reaching \$300 or more an hour, there is a widespread need for accessible, inexpensive, and trustworthy information on all aspects of divorce. "The Complete Guide to Divorce Law provides readers who have no legal background with a detailed explanation of divorce law in each of the 50 states, which will help to minimize these legal fees and some of the emotional trauma that accompanies a divorce. For a fraction of the cost of an hour with their divorce lawyer, legal expert Nikara Choudri provides an easy to understand explanation of legal rules governing alimony, child support, child custody, and visitation. Now everyone going through a divorce will learn the requirements for filing for divorce, how divorce courts divide property, the qualifications for alimony, and how much child support will be required in a specific case. From the basic subjects, like determining the grounds for divorce, to complex topics like pensions, stock options, and professional licenses and degrees, Choudri offers sound, step-by-step advice that will help those contemplating the dissolution of a marriage to negotiate a settlement directly with a spouse as well as helping them to determine whether they can reach an out of-court settlement. With chapters on such topics ranging from transmutation to drafting an out-of-court agreement, this is an invaluable guide that will help everyone make informed rational decisions while coping with the difficult issues that can arise in a heated divorce. A Nationally endorsed book that offers positive approaches for fathers caught up in a brutal custody battle. A 300 page guidebook giving fathers 100 Secret Strategies for winning in court. Fathers learn "how to" Conduct Themselves in Mediation, Deal with a Difficult Judge, Execute Winning Strategies, Master Skills of Testifying, Handle Setbacks & Adversity, Use Court Time Wisely & Skillful Linguistic Techniques. Recommended by: Attorneys, Mediators & Fathers Rights Groups across the U.S. Stocked by Ingram Book Co. Call our office for further questions. (949) 646-9842. Amidst the chaos of the postdivorce world, the most bitter parental battles occur over priorities regarding the children. The mental health professional called upon to serve as the custody evaluator must bring far more to this world than a recommendation for primary custodial parent. The Custody Evaluation Handbook: Research-Based Solutions and Applications presents the first truly scientific way to address these issues. The book describes numerous tests and tools for eliciting reliable information from both children and parents. With an eye to learning the actual impact a parent has on a child rather than on what a given parent may or may not be doing, the book emphasizes the importance of obtaining measurements from the involved child. Parent tests are designed to reflect the effectiveness with which a parent responds to typical child-care situations, and the degree to which a parent truly knows - and can satisfy the needs of - a particular child. Other critical measurement targets are detailed. The Custody Evaluation Handbook will be an invaluable handbook for marriage and family therapists, psychologists, psychiatrists, social workers, as well as other involved mental health professionals. If you are going to choose only one book to read as you navigate your divorce, choose Nolo's Essential Guide to Divorce--the one guide that everyone going through divorce should have. The book will support readers in avoiding conflict while protecting their financial situation and relationships with children. It is thorough, easy to read, and updated with the most current information. In child custody cases, parents do not always have their children's best interests at heart. Parents want what they want. This leads to contentious custody battles. But there is a better way. Contentious Custody provides a guide to putting the needs of the children at the forefront and how to protect them during divorce. A must read for separating parents, family members of someone going through separation or divorce, and professionals working with separating parents. This open access book provides an overview of the ever-growing phenomenon of children in shared physical custody thereby providing legal, psychological, family sociological and demographical insights. It describes how, despite the long evolution of broken families, only the last decade has seen a radical shift in custody arrangements for children in divorced families and the gender revolution in parenting which is taking place. The chapters have a national or cross-national perspective and address topics like prevalence and types of shared physical custody, legal frames regulating custody arrangements, stability and changes in arrangements across the life course of children, socio-economic, psychological, social well-being of various family members involved in different custody arrangements. With the book being an interdisciplinary collaboration, it is interesting read for social scientists in demography, sociology, psychology, law and policy makers with an interest family studies and custody arrangements. Ethan loves both his mom and his dad, but going back and forth between two homes is hard! Joint custody allows children whose parents are divorced or separated lots of time with each parent, but the actual transitions back and forth can be tough. Children will relate to Ethan's changing feelings as he goes from his dad's house to his mom's house. Parents get nice modeling on how to help their children. Children of custody battles are caught in the center of the fury, as they struggle to adapt and wait for the bitter fighting to stop. Rebuilding a family's future with the court, mental health professionals are mostly solo clinicians or court personnel with widely differing training, and world views. For children and the frantic parents there can be "A luck of the draw" outcome since few professionals are trained to "Rebuild Families". Most judges consider the polestar "Best Interests of the Child" state guidelines when forced to become architects for broken homes. The book's expert team evaluation and help is based on a unique comprehensive protocol favored by Family Court judges. Building plans based on this book's unique Best Interests of the Child Protocol with the efficient team approach (two heads are better than one) allows the parents to accept the outcome as fair if not favorable. The court, in turn, is better able to render a timely judgement, focused on the children's needs, influenced by a team's (psychologist/socialworker or psychiatrist) logical, deep expert look at the family puzzle. When a family's future is decided by strangers all professionals involved wield an awesome power and have a profound impact. If you want to do your work well as a judge, lawyer, psychologist, psychiatrist or court custody worker, make sure you have this book as a reference. Each year, over one and a half million children experience the divorce of their parents. The goal of this book is to contribute to the advancement of knowledge regarding children of divorce, especially the practice of evaluation as it pertains to child custody. The reality of custody evaluation work invokes a plethora of specific circumstances regarding each family that must be taken into consideration. To work towards this goal, the author integrates scientific findings, relevant theory, and professional experience in a manner that is conceptually sound and useful in practice. Each chapter begins with a Practice Checklist to emphasize what is needed to engage in careful deliberation. Major topics include: applications of game theory to child custody; uncertainty in judgment from Nobel Prize-winning research; time sharing; collecting information from parents and collaterals; observing parental interaction with children; parental alienation; research on strategic behavior in divorce disputes; and gatekeeping. In addition, domestic violence, child abuse, substance abuse, relocation, report writing, ethics, guidelines, risk management, and practice improvement are discussed. This book also contains important new research on the PAI, PCRI, and MMPI-2 specific to child custody evaluation. This well-written text is an excellent resource for domestic relations attorneys, judges, family counselors, child protection workers, human services, advocates, and mental health professionals. Drop the Battle. Win the War that Matters. Vanessa and Luke met in college. Young and ambitious, they fell in love, married, bought a house in the suburbs, and created a perfect family. He worked tirelessly to advance his career, so she could stay home with the children and manage their busy household. For fifteen years, they built a network of friends, family traditions, and an amazing life together. Everything was going great until it wasn't. Now, they are facing a very painful divorce and a custody battle over two children both parents adore. Family members, friends, and legal professionals- everyone has an opinion about how to come out on top. In You Don't Have to Crush Your Ex, Lori Bonnevier-a clinical social worker and seasoned child custody evaluator-invites you to walk beside Vanessa and Luke, as they face challenges similar to yours. You will have the unique opportunity to make choices about divorce, your children, and how to participate in a custody evaluation to achieve the best outcome. Through this insightful and witty choose-your-own-outcome-style story, Lori shares her more than twenty years of trade secrets to help you navigate the complex and often-thorny experience of participating in family law litigation. By the end of the book, you will know how to: Present your best self to a child custody evaluator. Protect your child's emotional health and well-being. Keep your sanity and thrive on the other side. Discern which attorneys will hurt or help your efforts. Acquire resources to manage specific challenges. Save your family time and money. This book is a must-read for parents, grandparents, and interested third parties involved in or headed toward a custody lawsuit over the children they love. The Choices We Make, Make Us. Lori Bonnevier, a court-appointed evaluator and child advocate for more than two decades, helps parents effectively navigate high-conflict custody battles. A possible solution to the custody problem in divorce cases looks beyond accepted wisdom to examine what is truly best for

the children, using scientific evidence to argue in favor of custody for the father. 30,000 first printing. A focused look at the uses—and misuses—of psychological tests in the context of child custody. This book presents an advanced examination of psychological testing and usage in the child custody arena. It addresses test selection issues, provides insightful discussions of how to confront confirmatory biases and avoid the distortion of test findings, and presents clear instructions for the use of specific tests, including MMPI-2 and Rorschach, and a point/counterpoint discussion of the strengths and weaknesses of the Ackerman-Schoendorf Scales for Parent Evaluation of Custody (ASPECT). *Psychological Testing in Child Custody Evaluations* can be viewed as a work in three parts. The first section addresses theoretical and test usage issues, with chapters focusing on: addressing test selection issues from legal and psychological perspectives; bias issues that interfere with the evaluator's ability to collect and consider data objectively; a functional, comprehensive approach to the use of psychological tests in a child custody evaluation—with a conceptual framework for choosing assessment techniques to assess parenting competencies and other variables important in forming opinions about custodial placement and visitation access, and a practical example of how to present psychological test data in an advisory report to the court; a look at psychological testing from an attorney's point of view. The second section of *Psychological Testing in Child Custody Evaluations* focuses on the MMPI-2 and the Rorschach Inkblot Test in the child custody context, investigating hypotheses that can be inferred from the MMPI-2 regarding parenting behaviors, and the use and value of the Rorschach. This section examines: the foundation from which the MMPI-2 can generate expectations regarding five basic issues—the quality of attachment and bonding, potential for antisocial behavior, temper control, alienation of affection, and chemical abuse and dependence; the range of variables that will generate useful hypotheses regarding parent-child interactions and family systems; the effects of the circumstances of litigation on score elevations—including recommended limits as to how much elevation can be dismissed as only contextual; the important differences between occasion validity and attribute validity; the clinical application of an objective interpretation system, including the courtroom credibility of explicit convergent validity; the use of the Rorschach in child custody evaluations; findings from a study using the Rorschach to address specific parenting variables. The third section of *Psychological Testing in Child Custody Evaluations* is a focused point-counterpoint discussion of ASPECT, between test creator Marc J. Ackerman and Mary Connell, President of the American Academy of Forensic Psychology. This book is essential reading for child custody evaluators, family law attorneys, and judges practicing in the family law arena, as well as educators and students in these fields. Find out how evaluators, mediators, and judges deal with the issues of relocation in divorced families. In the past, the relocation of a parent or child in custody cases was rarely a problem for divorced families—there was little conflict and little need for court intervention. But with the growth of shared custody, more fathers involved in parenting after divorce, and an increase in litigation between conflicted parents, relocation has become a complex issue that's difficult for evaluators, judges, and public policymakers to resolve. *Relocation Issues in Child Custody Cases* offers a firsthand look at how evaluators investigate, predict, and make recommendations; how judges reach decisions based on those recommendations; and how individual states deal with relocation cases. *Relocation Issues in Child Custody Cases* examines how evaluators, mediators, and judges can best facilitate an environment where a child has an ongoing relationship with two parents, regardless of where each parent lives. This unique book looks at how the landscape in relocation cases has changed since the California Supreme Court's landmark 2004 ruling in the *LaMusga* move-away case, examining relevant topics, including individual state statutes on relocation; a survey of courts in the United States; the functions of an evaluator; how a judge analyzes data before reaching a decision; parental conflict; domestic violence; change of circumstances; primary residence; and the process of developing parenting plans. *Relocation Issues in Child Custody Cases* examines: whether negative outcomes of parental relocation after divorce were a result of pre-existing conflict and domestic violence; whether the "best interests of the child" is an acceptable standard in relocation cases; investigative models for evaluators "for the move" and "against the move" biases—and how to reduce them; a format for analyzing evidence in relocation cases; the risks and benefits of presumptions in family law matters and much more. *Relocation Issues in Child Custody Cases* is an essential resource for evaluators, mediators, judges, caseworkers, child psychologists, family therapists, and child advocates. This multidisciplinary volume offers an essential, comprehensive study of perspectives on the scope and application of the best interests of the child and focuses mainly on its application in relation to child custody. With expert contributions from psychological, sociological and legal perspectives, it offers scientific analysis and debate on whether it should be the primary consideration in deciding child custody cases in cases of divorce or separation or whether it should be one of several primary considerations. It explores complex dilemmas inherent in shared parenting and whether the advantages it offers children are sufficient when compared to attributing custody to one parent and limiting visitation rights of the other. Offering a comprehensive analysis of this complex topic, chapters provide detailed insight into the current state of research in this area, as well as expert guidelines aimed at resolving the controversies when parents agree or disagree over their children's living arrangements. Cutting-edge topics explored include: transnational shared parenting; alternative dispute resolution; breastfeeding parents; religious disputes between parents and the psychological, social and economic factors that affect shared parenting. *The Routledge International Handbook of Shared Parenting and Best Interest of the Child* will be essential reading for scholars and graduate students in law, psychology, sociology and economics interested in shared parenting and family law. Explaining complex family law concepts and procedures in a jargon-free style, this resource includes detailed information on how family court works, offers easily understandable case examples, and describes alternatives to litigation that are designed to help prevent families with children from entering the legal system to resolve disputes. Exploring subjects that apply to all parties involved in resolving separation, divorce, and custody conflicts—judges, lawyers, mediators, parenting coaches, psychologists, family counselors, and social workers—this reference demystifies the role of lawyers and judges, debunks the myth that parents can represent themselves in court, and examines each parent's responsibility to ensure that post-separation conflicts are resolved with minimal emotional stress to children.
