As the first book of its kind to bring together a collection of contemporary writing from top proponents and critics in a pro-contra format, *The Blackwell Companion to Substance Dualism* captures this ongoing dialogue and sets the stage for rigorous and lively discourse around dualist and physicalist accounts of human persons in philosophy. Chapters explore emergent, Thomistic, Cartesian, and other forms of substance dualism—broadly conceived—in dialogue with leading varieties of physicalism, including animalism, non-reductive physicalism, and constitution theory. Loose, Menuge, and Moreland pair essays from dualist advocates with astute criticism from physicalist opponents and vice versa, highlighting points of contrast for readers in thematic sections while showcasing today's leading minds engaged in direct debate. Taken together, essays provide nuanced paths of introduction for students, and capture the imagination of professional philosophers looking to expand their understanding of the subject. Matt's classmates Fen and Laurie Brekke. No big deal. But now Ragnarok is coming, and it's up to the champions to fight in the place of the long-dead gods. The Islander Jul 11 2021 In the vein of *Sound Man* and *The Soundtrack of My Life*, a lyrical, warmhearted, and inspirational memoir from the founder of Island Records about his astonishing life and career helping to bring reggae music to the world stage and working with Bob Marley, U2, Grace Jones, Cat Stevens, and many other icons. Chris Blackwell, like the paradigm-shifting artists he came to support over his sixty-plus years in the music business, never took the conventional route. He grew up between Jamaica and London, crossing paths with Ian Fleming, Noel Coward, and Errol Flynn. After being expelled from an elite British school for rebellious behavior in 1954 at age seventeen, he moved back to Jamaica, and within five years, founded Island Records—the company that would make an indelible mark on music, shifting with the times, but always keeping its core identity intact. *The Islander* is the story of Blackwell and his cohorts at Island Records, who time and again, identified, nurtured, and broke out musicians who had been overlooked by bigger record labels, including Steve Winwood, Nick Drake, John Martyn, and Cat Stevens. After an impromptu meeting with Bob Marley and his bandmates in 1972, Blackwell decided to fund and produce their groundbreaking album *Catch a Fire*. He'd go on to work with Marley over the rest of his career, remain his close friend, and continually champion Jamaican culture and reggae music. In the ensuing years, Blackwell worked with U2, Grace Jones, the B-52s, Tom Waits, Robert Palmer, Tom Tom Club, and many other groundbreaking artists. He also opened the first Jamaican boutique hotel, on the property of Ian Fleming's former home, Goldeneye, where all the James Bond books

were written. Blackwell is a legendary as well as deeply humble raconteur, and reading *The Islander* is like spending a day with the most interesting man in the world.

Nimura has resurrected Elizabeth and Emily Blackwell in all their feisty, thrilling, trailblazing splendor." —Stacy Schiff Elizabeth Blackwell believed from an early age that she was destined for a mission beyond the scope of "ordinary" womanhood. Though the world at first recoiled at the notion of a woman studying medicine, her intelligence and intensity ultimately won her the acceptance of the male medical establishment. In 1849, she became the first woman in America to receive an M.D. She was soon joined in her iconic achievement by her younger sister, Emily, who was actually the more brilliant physician. Exploring the sisters' allies, enemies, and enduring partnership, Janice P. Nimura presents a story of trial and triumph. Together, the Blackwells founded the New York Infirmary for Indigent Women and Children, the first hospital staffed entirely by women. Both sisters were tenacious and visionary, but their convictions did not always align with the emergence of women's rights—or with each other. From Bristol, Paris, and Edinburgh to the rising cities of antebellum America, this richly researched new biography celebrates two complicated pioneers who exploded the limits of possibility for women in medicine. As Elizabeth herself predicted, "a hundred years hence, women will not be what they are now."

Resurgent Feb 06 2021 AMERICA , THIS IS YOUR ROAD MAP TO THE FUTURE—A RETURN TO THE GUIDING PRINCIPLES OF OUR FOUNDING FATHERS . . . The United States is at a crossroads. Our national debt is rising, our social programs are unsustainable, and our government is expanding at an alarming rate. As American citizens, we have a choice. We can continue on our current path of policies that threaten our freedoms, our families, and our finances—or we can join the powerful new resurgence of the age-old principles that are the foundation of the U.S. Constitution. This book is a wake-up call. Written by acclaimed conservative leaders Ken Blackwell and Ken Klukowski, it is a back-to-basics action plan inspired by the original words and beliefs of our nation's forefathers. Using the U.S. Constitution, the authors guide us through our current political minefield, showing how both Democrats and Republicans have led our country astray. They reveal startling connections between the crash of the economy, the collapse of the family, and the rise of big government. They lay out a policy agenda of constitutional fixes for our greatest national problems, from retirement, to education, to social issues, to taxes. Finally, they

offer Republicans a step-by-step plan for rebuilding the GOP from the ground up, for winning both Congress and the White House, and for changing directions on the road to our future. The time is now, America. The resurgence is under way; we should let nothing stop us. More than two centuries ago, our forefathers gave us the dream and the directions—spelled out in black and white. Now more than ever, we need to embrace those principles and get our country back on track.
