Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever. Retired hitman and gangster, escaped convict, former Marine, outlaw biker, and French Foreign Legionnaire Tommy Atkins is hiding out in the Florida Everglades. When a chance encounter leads him to rescue beautiful freedom blogger Maria Elena from rape and murder, they find themselves on the run from a rogue ex-pat Cuban anti-revolutionary militia group, the U.S. Marshal Service, a CIA and FBI joint task force, an infamous Mexican hitman, and the Tampa and Las Vegas Mafia. Their only hope is to fight their way across the country to try to resolve the militia group to which Maria Elena is heir. Along the way, Atkins teaches Elena Maria the lethal arts and how to survive in his underground world--abilities they must put to good use. Only the fact that he is one of the most dangerous men in the world has kept them alive. The prize at the end of their road? Nothing less than controlling all commerce with Cuba as the Castro brothers regime comes to an end! But only if they live long enough to see the payoff... When a drowned body is found with an unusual plant wound through her hair, part-time forensic botanist Peggy Lee agrees to help with the investigation, but comes up empty-handed while digging for clues. One of the world's leading spiritual teachers returns with an inspiring and provocative message with solutions to our planetary crises, offering effective steps to change the world and integrate all levels of our Being. Religion is psychological entrapment promoting the controlled behavior of the herd civilization. Institutionalized organized religion is the cause of enslavement, violence, prejudice, hatred, classism, and war. False religious institutions created god in their own personal image and after the likeness of their own mind for control and money. Every religious holy book has been altered, dissected, rewritten, and censored to appear as the word of God, and all the gods of religious holy books are controlled by fundamentalists. Organized religion is a serious threat to the human race and a mental illness that afflicts over 80% of the world's population. It has nothing to do with spirituality and is no more than a collection of unholy lies. The spiritual terrorism of religion frowns upon free will, dispises questions, prohibits doubt, and survives on blind faith. Eternal life with God is only promised to the obedient religious-slaves who unconditionally follow rigid religious belief structures. This mythology was created based on division, not unity. Control is the essence of evil. The easiest way to control humanity is through fear, which is why the religious Elite created gods of intimidation and fear; to control others and solicit money. "The Awakening of Global Consciousness is a must read for the millions who've read Jawara's earlier classic books and a great beginning for those unfamiliar with his great works questioning the validity of the world's three major religions." Runner's World magazine aims to help runners achieve their personal health, fitness, and performance goals, and to inspire them with vivid, memorable storytelling.
