**Midnight's Sun** Mar 21 2022 'The wolf Meshiska gave birth to five cubs on the night before full moon. Outside the den a storm was lashing the spruce trees. The sky and the land had become part of each other: a scatterwind night swirling with fragments of black and white. Snow became darkness and darkness snow, and any creature lost between the two found a rock or a tree and lay down beside it, to wait until the world had formed again.' Into this bleak landscape, Athaba is born, a young wolf destined for great adventure. Exiled from his pack for breaking its rigid codes of behaviour and showing too much imagination, Athaba becomes a 'raven wolf', a lonely scavenger living on scraps and his wits. Survival in the icy wastes is hard and dangerous without the comfort and protection of the pack. Injured, and stranded far from home, Athaba is forced to strike up an uneasy alliance with his natural enemy: a man. Together, but ever wary of each other, the wolf and the solitary hunter start their long walk home across the wilderness. It soon becomes clear that the man must learn to be a wolf if he is to survive in the wolf's world. And Athaba has to use all his imagination to learn new skills and strategies to fend for himself and his new pack member: for he discovers that men are frail, and often very ignorant!

The Feminine Sublime Dec 18 2021 *The Feminine Sublime* provides a new and startling insight into the modes and devices employed in the creation of women's fiction since the eighteenth century. Barbara Claire Freeman argues that traditional theorizations of the sublime depend upon unexamined assumptions about femininity and sexual difference, and that the sublime could not exist without misogynistic constructions of "the feminine." Taking this as her starting point, Freeman suggests that the "other sublime" that comes into view from this new perspective not only offers a crucial way to approach representations of excess in women's fiction, but allows us to envision other modes of writing the sublime. Freeman reconsiders Longinus, Burke, Kant, Weiskel, Hertz, and Derrida while also engaging a wide range of women's fiction, including novels by Chopin, Morrison, Rhys, Shelley, and Wharton.

Addressing the coincident rise of the novel and concept of the sublime in eighteenth-century European culture, Freeman allies the articulation of sublime experience with questions of agency and passion in modern and contemporary women's fiction. Arguments that have seemed merely to explain the sublime also functioned to evaluate, domesticate, and ultimately exclude an otherness that is almost always gendered as feminine. Freeman explores the ways in which fiction by American and British women, mainly of the twentieth century, responds to and redefines what the tradition has called "the sublime."

**The Dog Master** May 31 2020 Thirty-thousand years ago, humanity stood at a turning point. The last glaciation of Europe was about to commence, forcing modern humans out of the trees and onto the steppes, where they would be both predator and prey. Wolves, too, whose fortunes rise and fall with the health of the herds, could sense something different in the wind. When Silex, the young leader of the Wolfen tribe, brings tribute to a clever she-wolf, everything changes. The alpha wolf learns that in times of famine she can turn to man for food, a lesson that her descendants do not forget. Years later in another tribe, the Kindred, a boy is born with a crippled foot. His name, Malcrus (shortened to Mal) translates roughly to "he who brings a curse with his leg and must be put to death." The wily political maneuvers of the boy's mother keep him alive, though eventually he is shunned, unable to join the hunt, and finally banished at a time when a savage tribe of manhunters, the Valley Cohort, have ramped up their campaign of terror. Struggling to survive in the wilderness, Mal saves a wolf cub, a descendant of Silex's she-wolf, naming her "Dog." While Mal desperately misses the girl he has been forbidden to love, he and Dog become inseparable, living together, playing together, and learning to hunt together. But will his bond with Dog be enough to survive in this cold, unforgiving world? *The Dog Master* by W. Bruce Cameron is an evocative glimpse at prehistory, a heartwarming coming of age saga, and an exciting, imaginative look at the story of the first dog.

**The Were-Wolf** Jul 01 2020 Purchase one of 1st World Library's Classic Books and help support our free internet library of downloadable eBooks. Visit us online at [www.1stWorldLibrary.ORG](http://www.1stWorldLibrary.ORG) - - The great farm hall was ablaze with the fire-light, and noisy with laughter and talk and many-sounding work. None could be idle but the very young and the very old: little Rol, who was hugging a puppy, and old Trella, whose palsied hand fumbled over her knitting. The early evening had closed in, and the farm-servants, come from their outdoor work, had assembled in the ample hall, which gave space for a score or more of workers. Several of the men were engaged in carving, and to these were yielded the best place and light; others made or repaired fishing-tackle and harness, and a great seine net occupied three pairs of hands. Of the women most were sorting and mixing eider feather and chopping straw to add to it. Looms were there, though not in present use, but three wheels whirred emulously, and the finest and swiftest thread of the three ran between the fingers of the house-mistress. Near her were some children, busy too, plaiting wicks for candles and lamps. Each group of workers had a lamp in its centre, and those farthest from the fire had live heat from two braziers filled with glowing wood embers, replenished now and again from the generous hearth. But the flicker of the great fire was manifest to remotest corners, and prevailed beyond the limits of the weaker lights.

dreams as well as her doorstep. And there are werewolf hunters in town and they've got Becca and the Wolf's Point Pack in their sights.

*Reading, Translating, Rewriting* Feb 08 2021 In translating Charles Perrault's seventeenth-century *Histoires ou contes du temps passé, avec des Moralités* into English, Angela Carter worked to modernize the language and message of the tales before rewriting many of them for her own famous collection of fairy tales for adults, *The Bloody Chamber*, published two years later. In *Reading, Translating, Rewriting: Angela Carter's Translational Poetics*, author Martine Hennard Dutheil de la Rochère delves into Carter's *The Fairy Tales of Charles Perrault* (1977) to illustrate that this translation project had a significant impact on Carter's own writing practice. Hennard combines close analyses of both texts with an attention to Carter's active role in the translation and composition process to explore this previously unstudied aspect of Carter's work. She further uncovers the role of female fairy-tale writers and folktales associated with the Grimms' *Kinder- und Hausmärchen* in the rewriting process, unlocking new doors to *The Bloody Chamber*. Hennard begins by considering the editorial evolution of *The Fairy Tales of Charles Perrault* from 1977 to the present day, as Perrault's tales have been rediscovered and repurposed. In the chapters that follow, she examines specific linkages between Carter's Perrault translation and *The Bloody Chamber*, including targeted analysis of the stories of Red Riding Hood, Bluebeard, Puss-in-Boots, Beauty and the Beast, Sleeping Beauty, and Cinderella. Hennard demonstrates how, even before *The Bloody Chamber*, Carter intervened in the fairy-tale debate of the late 1970s by reclaiming Perrault for feminist readers when she discovered that the morals of his worldly tales lent themselves to her own materialist and feminist goals. Hennard argues that *The Bloody Chamber* can therefore be seen as the continuation of and counterpoint to *The Fairy Tales of Charles Perrault*, as it explores the potential of the familiar stories for alternative retellings. While the critical consensus reads into Carter an imperative to subvert classic fairy tales, the book shows that Carter valued in Perrault a practical educator as well as a proto-folklorist and went on to respond to more hidden aspects of his texts in her rewritings.
