Clarence H. White and His World Jul 31 2020 Restoring a gifted art photographer to his place in the American canon and, in the process, reshaping and expanding our understanding of early 20th-century American photography Clarence H. White (1871–1925) was one of the most influential art photographers and teachers of the early 20th century and a founding member of the Photo-Secession. This beautiful publication offers a new appraisal of White's contributions, including his groundbreaking aesthetic experiments, his commitment to the ideals of American socialism, and his embrace of the expanding fields of photographic book and fashion illustration, celebrity portraiture, and advertising. Based on extensive archival research, the book challenges the idea of an abrupt rupture between prewar, soft-focus idealizing photography and postwar "modernism" to paint a more nuanced picture of American culture in the Progressive era. *Clarence H. White and His World* begins with the artist's early work in Ohio, which shares with the nascent Arts and Crafts movement the advocacy of hand production, closeness to nature, and the simple life. White's involvement with the Photo-Secession and his move to New York in 1906 mark a shift in his production, as it grew to encompass commercial portraiture and an increasing commitment to teaching, which ultimately led him to establish the first institutions in America to combine instruction in both technical and aesthetic aspects of photography. The book also incorporates new formal and scientific analysis of White's work and techniques, a complete exhibition record, and many unpublished illustrations of the moody outdoor scenes and quiet images of domestic life for which he was revered.

Pointless Conversations Quickies - The Off-White Collection Sep 13 2021 *Pointless conversations: a selection of daft, ridiculous and utterly pointless meanderings from the mind of Scott Tierney. In this collection of short (but still pointless) conversations, we learn about the age of Jesus, smelly sweets and dirty gobstoppers, more random film references from Taken, X-Men and Willy Wonka, and much more...*

Dutch Pictures in the Collection of Her Majesty the Queen Feb 06 2021 Since the publication of Christopher White's original catalogue in 1982, scholarship in this area has advanced dramatically and many of the paintings in the collection, including several by Rembrandt, have been reattributed. Many of the works under study have also been cleaned and all are now presented here for the first time with full colour illustrations. The Royal Collection has one of the finest collections of Dutch paintings in the world and this will be the first book in 30 years to do full justice to its richness and importance.

White House Collection of American Crafts Jun 22 2022 Michael W. Monroe, Curator-in-Charge of the Renwick Gallery of the Smithsonian Institution's National Museum of American Art, selected this collection of fine contemporary crafts specifically for the interiors of the White House, to be viewed and admired alongside the works of the past. Prepared in conjunction with an exhibition at the National Museum of American Art, this volume

features ninety-two full-color photographs - some showcasing the pieces in the private quarters and public spaces of the White House - taken expressly for this book by John Bigelow Taylor. In addition to an introduction to the collection and commentaries on each piece by Michael Monroe, the book includes an essay on the significance and cultural value of crafts by Barbaralee Diamonstein, a foreword by Elizabeth Broun, Director of the National Museum of American Art, and brief biographies of each artist.

But Some of Us Are Brave Apr 08 2021 Originally published in 1982, *All the Women Are White, All the Blacks Are Men, But Some of Us Are Brave: Black Women's Studies* is the first comprehensive collection of black feminist scholarship. Featuring contributions from Alice Walker and the Combahee River Collective, this book is vital to today's conversation on race and gender in America. With an afterword from Salon columnist Brittney Cooper. Coeditors Akasha (Gloria T.) Hull, Patricia Bell-Scott, and Barbara Smith are authors and former women's studies professors. Brittney Cooper is an assistant professor of women and gender studies and Africana studies at Rutgers University and a co-founder of the Crunk Feminist Collective.

Tales and Translation Oct 22 2019 Dealing with the most translated work of German literature, the *Tales of the brothers Grimm (1812-1815)*, this book discusses their history, notably in relation to Denmark and subsequently other nations from 1816 to 1986. The Danish intelligentsia responded enthusiastically to the tales and some were immediately translated into Danish by a nobleman and by the foremost Romantic poet. Their renditions remained in print for a century and imbued the tales with high prestige. This book discusses translators, approaches, and other parameters such as copyright, and changes in target audiences. The tales' social acceptability inspired Hans Christian Andersen to write his celebrated fairytales. Combined, the Grimm and Andersen tales came to constitute the 'international fairytale'. This genre was born in processes of translation and, today, it is rooted more firmly in the world of translation than in national literatures. This book thus addresses issues of interest to literary, cross-cultural studies and translation.

Snow White Collection Jan 17 2022 *White as snow and evil as ice. Who is the real Snow White? Three full novels in this twisted fairytale book bundle tell her story. The Personal Librarian Sep 01 2020 The Instant New York Times Bestseller! A Good Morning America* Book Club Pick! Named a Best Book of the Year by NPR! Named a Notable Book of the Year by the Washington Post! "Historical fiction at its best!"* A remarkable novel about J. P. Morgan's personal librarian, Belle da Costa Greene, the Black American woman who was forced to hide her true identity and pass as white in order to leave a lasting legacy that enriched our nation, from New York Times bestselling authors Marie Benedict and Victoria Christopher Murray. In her twenties, Belle da Costa Greene is hired by J. P. Morgan to curate a collection of rare manuscripts, books, and artwork for his newly built Pierpont Morgan Library. Belle becomes a fixture in New York City society and one of the most powerful people in the art and book world, known for her impeccable taste and shrewd negotiating for critical works as she helps create a world-class collection. But Belle has a secret, one she must protect at all costs. She was born not Belle da Costa Greene but Belle Marion Greener. She is the daughter of Richard Greener, the first Black graduate of Harvard and a well-known advocate for equality. Belle's complexion isn't dark because of her alleged Portuguese heritage that lets her pass as white—her complexion is dark because she is African American. The Personal Librarian tells the story of an extraordinary woman, famous for her intellect, style, and wit, and shares the lengths she must go to—for the protection of her family and her legacy—to preserve her carefully crafted white identity in the racist world in which she lives.

The White Album Feb 18 2022 New York Times Bestseller: An "elegant" mosaic of trenchant observations on the late sixties and seventies from the author of *Slouching Towards Bethlehem* (The New Yorker). In this landmark essay collection, Joan Didion brilliantly interweaves her own "bad dreams" with those of a nation confronting the dark underside of 1960s counterculture. From a jailhouse visit to Black Panther Party cofounder Huey Newton to witnessing First Lady of California Nancy Reagan pretend to pick flowers for the benefit of news cameras, Didion captures the paranoia and absurdity of the era with her signature blend of irony and insight. She takes readers to the "giddily splendid" Getty Museum in Los Angeles, the cool mountains of Bogotá, and the Jordanian Desert, where Bishop James Pike went to walk in Jesus's footsteps—and died not far from his rented Ford Cortina. She anatomizes the culture of shopping malls—"toy garden cities in which no one lives but everyone consumes"—and exposes the contradictions and compromises of the women's movement. In the iconic title essay, she documents her uneasy state of mind during the years leading up to and following the Manson murders—a terrifying crime that, in her memory, surprised no one. Written in "a voice like no other in contemporary journalism," *The White Album* is a masterpiece of literary reportage and a fearless work of autobiography by the National Book Award-winning author of *The Year of Magical Thinking* (The New York Times Book Review). Its power to electrify and inform remains

undiminished nearly forty years after it was first published.

White Noise Nov 03 2020 Grammy-winning Eminem (Marshall Mathers) is the first white crossover star of the hip-hop generation and it is a crossover notable for the absence of the resentment (but more of the controversy) that confronted past white performers of "black" music. In fact, black cultural bigwigs from Zadie Smith (who profiled Eminem in a *Vibe* cover-story lovefest) to rap progenitor and mogul Russell Simmons, not to mention superproducer to the stars Dr. Dre, a host of lesser lights, and hordes of bona fide fans have been crawling out of the woodwork to deflect the very criticism you might expect a white boy to draw when taking up a black form as his own. Meanwhile, self-consciously highbrow journals like the *New Republic* and the *Nation* have taken Eminem to task over his confused class antagonism, as portrayed in both his music and his first (it won't be his last) 100 million-grossing feature film, *8 Mile*, and his truly scary misogyny and homophobia. This illustrated collection with fifty photographs includes interviews with Eminem along with selections from Toure, Andrew Sarris, Kenneth Turan, Armond White, Richard Kim, Ann Powers, Vic Everett, and many others.

White Flights Jan 25 2020 A bold, incisive look at race and reparative writing in American fiction, by the author of Your Face in Mine White Flights is a meditation on whiteness in American fiction and culture from the end of the civil rights movement to the present. At the heart of the book, Jess Row ties "white flight"—the movement of white Americans into segregated communities, whether in suburbs or newly gentrified downtowns—to white writers setting their stories in isolated or emotionally insulated landscapes, from the mountains of Idaho in Marilynne Robinson's Housekeeping to the claustrophobic households in Jonathan Franzen's The Corrections. Row uses brilliant close readings of work from well-known writers such as Don DeLillo, Annie Dillard, Richard Ford, and David Foster Wallace to examine the ways these and other writers have sought imaginative space for themselves at the expense of engaging with race. White Flights aims to move fiction to a more inclusive place, and Row looks beyond criticism to consider writing as a reparative act. What would it mean, he asks, if writers used fiction "to approach each other again"? Row turns to the work of James Baldwin, Dorothy Allison, and James Alan McPherson to discuss interracial love in fiction, while also examining his own family heritage as a way to interrogate his position. A moving and provocative book that includes music, film, and literature in its arguments, White Flights is an

essential work of cultural and literary criticism.

Trauma for Sale Nov 22 2019 A collection of poetry from 1998 to 2020, black and white artwork, and personal photographs. Why write about my trauma? Because with privilege comes responsibility. I am responsible for telling my truth. I cannot hide behind my accomplishments, and still future fails and achievements to come. I have to tell my whole truth. I do not want to tell an incomplete story. This is not brave or fair to others who have survived similar struggles and see me thriving. I am scared, but I want to be brave. I will never be a coward. In this book, I include personal photographs and some of my full-color artwork to aid me in telling my whole truth. Healing is a lifelong process and I am no exception to this. Sometimes, I'm thriving while other times I fall just like any other. No one is above their flawed humanity. Yet, I can never be completely healed. This is my truth. The trauma I endured is not easily mended. However, it gets better. I want to share the pieces of me that I fear most. The naked truth of the trauma that haunts me. *My Trauma for Sale*.

Ancient Faces Oct 02 2020 From the first major discoveries a century ago, the painted portraits of Roman Egypt were a revelation to scholars and the public alike, and the recent finding of a new cache of these gilded images, which made national headlines, have only heightened their mystery and appeal. Published to coincide with a new major exhibition of these portraits, *Ancient Faces* is the most comprehensive, up-to-date survey of these astonishing works of art. Dating from the later period of Roman rule in Egypt, shortly before the birth of Christ, the painted mummy portraits are among the most remarkable products of the ancient world, a fusion of the traditions of pharonic Egypt and the Classical world. They are historical and cultural objects of outstanding importance and beauty, superb works of art that represent some of the earliest known examples of life-like portraiture. Though the subjects of the portraits believed in the traditional Egyptian cults, which offered them a firm prospect of life after death, they also wished to be commemorated in the Roman manner, with their fashion of dress and adornment signaling their status in life. Despite their ancient history, these portraits speak to the modern eye with a beauty and intensity that would be lost to portraiture until the Renaissance.

Revolution in Black and White Nov 15 2021 Ernest C. Withers was one of the most prominent African-American photographers of the civil rights era. During the course of his work, he took thousands photographs that document the civil rights movement--from the Emmett Till trial in 1955 to the assassination of Martin Luther King in 1968. What set his work apart was that he goes beyond the political struggles to explain the civil rights movement that changed the country. Withers was primarily a local photographer, working as a freelancer for the *Memphis World and Tri-State Defender* starting in 1948. His photographs of the everyday world--bridge clubs, funerals, people at work and play, and street life--create a stunning record of what it was like to live in Memphis and the Mid-South. He was also

a noted baseball photographer, documenting Negro League baseball in Memphis, and a noted music photographer, taking thousands of photographs of jazz, blues, rock 'n' roll and R&B performers. This book combines this work for the first time and uses first-hand accounts of people who lived in the South to explain these transformative years. The photographs, taken as bare-bones journalism, rises to the level of fine art decades later. They are also important examples of photojournalism, documenting decades of struggle in Memphis and the Mid-South. They serve as an important missing link in the civil rights narrative. In 2010, three years after his death, the Memphis Commercial Appeal newspaper published a series of articles that showed that Withers was a paid informant of the FBI. This book goes beyond the headlines to show how Withers created an essential record for all of us to better understand life in the South during this crucial era.

Poodle The Other White Meat Dec 16 2021 "It's easy to understand why Sherman's Lagoon has captured a considerable national following--and this number includes children as well as adults." --Mount Airy News As the title of this Sherman's Lagoon collection would indicate, creator Jim Toomey is not overly concerned about his strip being politically correct. "Nothing is above ridicule," says Toomey. Poodle: The Other White Meat is filled with the no-holds-barred humor that has made Sherman's Lagoon an international success. The popular cartoon takes a lighthearted yet satirical look at pop culture through the eyes of its namesake character, Sherman, the dim-witted but fun-loving shark. While the strip centers around the adventures of Sherman, his fellow underwater brethren are good for great laughs as well. Thereâ€™s: *Fillmore, the leading shark's trusty turtle sidekick; *Megan, Sherman's significant-shark-other; *Hawthorne, the cranky hermit crab who lives in a beer can; *Ernest, a computer-hacking pop philosopher; *And a host of other silly sea creatures that inhabit the lagoon just off the make-believe South Pacific island of Kapupu. Sherman is, shall we say, not the sharpest fishing hook in the tackle box. One minute he exasperates Fillmore with nonsensical ideas like videotaping every moment of his day in case something happens. Then, when something really does occur--the arrival of space aliens--Fillmore later discovers that all that was documented was the back of the camera's lens cap! And so it goes with the irreverent cast of characters featured in Poodle: The Other White Meat. This Sherman's Lagoon collection offers a knee-slapping good time for readers of all ages--if only fish had knees.

Ellen G. White Collection Vol. 1. 5 Books. Steps to Christ, Etc Sep 25 2022
Ellen G. White (1827-1915), was an American religious writer, a prolific author of over 40 books and 5000 periodical articles during her lifetime. She was one of the founders of the Seventh-day Adventist Church, believed by many readers to have the spiritual gift of prophecy described in the Bible. The Smithsonian magazine named her among 100 Most Significant Americans in an acknowledgement of her influence on religion. This important volume collects in one single book five of her most important works, including one of the best selling books of all time: Steps to Christ - an evangelistic book explaining how to have a living connection with Jesus Christ . It covers the topics of repentance, confession, faith, acceptance, growing into Christ, and prayer.
