Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and

men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

*Westside* Feb 27 2020 A New York Times Notable Book of the Year! "The Alienist meets The City & The City in this brilliant debut that mixes fantasy and mystery. Gilda Carr's 'tiny mysteries' pack a giant punch." --David Morrell, New York Times bestselling author of Murder As a Fine Art A young detective who specializes in "tiny mysteries" finds herself at the center of a massive conspiracy in this beguiling historical fantasy set on Manhattan's Westside—a peculiar and dangerous neighborhood home to strange magic and stranger residents—that blends the vivid atmosphere of Caleb Carr with the imaginative power of Neil Gaiman. It's 1921, and a thirteen-mile fence running the length of Broadway splits the island of Manhattan, separating the prosperous Eastside from the Westside—an overgrown wasteland whose hostility to modern technology gives it the flavor of old New York. Thousands have disappeared here, and the respectable have fled, leaving behind the killers, thieves, poets, painters, drunks, and those too poor or desperate to leave. It is a hellish landscape, and Gilda Carr proudly calls it home. Slightly built, but with a will of iron, Gilda follows in the footsteps of her late father, a police detective turned private eye. Unlike that larger-than-life man, Gilda solves tiny mysteries: the impossible puzzles that keep us awake at night; the small riddles that destroy us; the questions that spoil marriages, ruin friendships, and curdle joy. Those tiny cases distract her from her grief, and the one impossible question she knows she can't answer: "How did my father die?" Yet on Gilda's Westside, tiny mysteries end in blood—even the case of a missing white leather glove. Mrs. Copeland, a well-to-do Eastside housewife, hires Gilda to find it before her irascible merchant husband learns it is gone. When Gilda witnesses Mr. Copeland's murder at a Westside pier, she finds herself sinking into a mire of bootlegging, smuggling, corruption—and an evil too dark to face. All she wants is to find one dainty ladies' glove. She doesn't want to know why this merchant was on the wrong side of town—or why he was murdered in cold blood. But as she begins to see the connection between his murder, her father's death, and the darkness plaguing the Westside, she faces the hard truth: she must save her city or die with it. Introducing a truly remarkable female detective, Westside is a mystery steeped in the supernatural and shot through with gunfights, rotgut whiskey, and sizzling Dixieland jazz. Full of dazzling color, delightful twists, and truly thrilling action, it announces the arrival of a wonderful new talent.

**The Periodic Table** May 31 2020 *The Periodic Table* is largely a memoir of the years before and after Primo Levi's transportation from his native Italy to Auschwitz as an anti-Facist partisan and a Jew. It recounts, in clear, precise, unflinching beautiful prose, the story of the Piedmontese Jewish community from which Levi came, of his years as a student and young chemist at the inception of the Second World War, and of his investigations into the nature of the material world. As such, it provides crucial links and backgrounds, both personal and intellectual, in the tremendous project of remembrance that is Levi's gift to posterity. But far from being a prologue to his experience of the Holocaust, Levi's masterpiece represents his most impassioned response to the events that engulfed him. *The Periodic Table* celebrates the pleasures of love and friendship and the search for meaning, and stands as a monument to those things in us that are capable of resisting and enduring in the face of tyranny.

**Wolf Hall** Oct 17 2021 In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to win the king's favor and ascend to the heights of political power England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.

Goodreads Choice Award Winner Locus Finalist Galaxy "Alex" Stern is the most unlikely member of Yale's freshman class. Raised in the Los Angeles hinterlands by a hippie mom, Alex dropped out of school early and into a world of shady drug-dealer boyfriends, dead-end jobs, and much, much worse. But at her hospital bed, Alex is offered a second chance: to attend one of the world's most prestigious universities on a full ride. What's the catch, and why her? Still searching for answers, Alex arrives in New Haven tasked by her mysterious benefactors with monitoring the activities of Yale's secret societies. **Forbidden Love in Kalkan** Sep 23 2019 *Forbidden Love in Kalkan* is a series of stories linked by a city and an imaginary family. It forms a curious novel, or rather; it is a novel, a structure of uncommon form on a series of ten short stories, each independent but all integrated into one. It is in colloquial language narrations allowing connection to any of the people of Latin America, but is universal in extent. As the narrator says, "life" becomes an almost day-to-day story that could succeed in all parts of the world.

**Love Wins** Sep 03 2020 Millions of Christians have struggled with how to reconcile God's love and God's judgment: Has God created billions of people over thousands of years only to select a few to go to heaven and everyone else to suffer forever in hell? Is this acceptable to God? How is this "good news"? Troubling questions—so troubling that many have lost their faith because of them. Others only whisper the questions to themselves, fearing or being taught that they might lose their faith and their church if they ask them out loud. But what if these questions trouble us for good reason? What if the story of heaven and hell we have been taught is not, in fact, what the Bible teaches? What if what Jesus meant by heaven, hell, and salvation are very different from how we have come to understand them? What if it is God who wants us to face these questions? Author, pastor, and innovative teacher Rob Bell presents a deeply biblical vision for rediscovering a richer, grander, truer, and more spiritually satisfying way of understanding heaven, hell, God, Jesus, salvation, and repentance. The result is the discovery that the "good news" is much, much better than we ever imagined. Love wins.
